UNION CITY, TENN., Thursday, May 15, 1890.

The General Assembly of the Cumberland Presbyterian Church met, agreeably to adjournment, at Union City, Tenn., Thursday, May 15, 1890, at 11 o'clock A.M.

The opening sermon was preached by the Moderator, Rev. J. M. Hubbert, of Lebanon Presbytery, upon 1 Cor. xv. 3, "How that Christ died for our sins."

After the sermon the General Assembly was constituted with prayer by Rev. E. G. McLean.

It was determined that Rev. Dr. G. D. Mathews, of London, General Secretary of the Presbyterian Alliance, shall address the General Assembly immediately following the organization this afternoon.

The General Assembly then took recess till 3 o'clock P.M.

---

THURSDAY, MAY 15, 3 o'clock P.M.

### SYNODICAL CHANGES.

The Stated Clerk then made the following report :

In accordance with the order of the last General Assembly (see Minutes, p. 24), the Synod of Alabama was so enlarged as to embrace the whole State of Alabama (except two or three congregations in the bounds of New Hope Presbytery, Synod of Mississippi—see Minutes, p. 52), and the Florida Presbytery in the State of Florida. By this action the boundary lines of the Synod of Tennessee were so changed as to embrace only the State of Tennessee and that portion of the Georgia Presbytery which lies in the State of Georgia.

### PRESBYTERIAL CHANGES.

The last General Assembly also directed that the Rocky Mountain Presbytery be transferred from the Synod of Missouri to the Synod of Kansas. By order of the Synod of Arkansas, the Burrow Presbytery and the Helena Presbytery were consolidated; the consolidated Presbytery taking the name of the Burrow Pres-

bytery. Also, by order of the Synod of Tennessee, the name of the Ocoee Presbytery was changed to that of Chattanooga Presbytery (the boundary lines remaining the same), and by the action of Alabama Synod the name of the Jackson Presbytery was changed to that of Robert Donnell Presbytery, that portion of the Tennessee Presbytery lying in the State of Alabama being added thereto.

No new Presbytery has been organized during the year, and one Presbytery, that of Helena, has, by consolidation, ceased to exist. There are, therefore, now 118 Presbyteries.

**FIFTH DAY.**

TUESDAY, May 20, 8 o'clock A.M.

The General Assembly met and was opened with prayer.

One half hour was spent in devotional exercises.

The Minutes of yesterday were read and approved.

REPORT OF COMMITTEE ON OVERTURES (No. 1).

The Committee on Overtures submitted the following Report No. 1, which was adopted:

Your Committee on Overtures respectfully submit the following report:

There has been referred to us a number of memorials from Presbyteries, concerning the views held and taught by the Rev. S. G. Burney, D.D., LL.D., Professor of Systematic Theology in Cumberland University, at Lebanon, Tenn., on the doctrine of the Atonement. Some of these memorialists ask your reverend body to make a deliverance, pronouncing upon the soundness or unsoundness of Dr. Burney's teachings, as set forth especially in the book of which he is the author, entitled "Soteriology;" while others of your memorialists pray that no deliverance shall be made upon the subject.

Your committee have thoughtfully and prayerfully considered these papers, and we are unanimously of the opinion that it is neither necessary nor desirable to take any action whatever in reference to the matter, and we so recommend.

J. M. HUBBERT, *Chairman.*

#### REPORT OF COMMITTEE ON JUDICIARY (No. 1).

The Committee on Judiciary submitted the following Report No. 1, which was adopted:

The Judiciary Committee, to which was referred the case of Mrs. Louisa A. Ward, report the following:

Mrs. Ward was charged with heresy before the Session of the Cumberland Presbyterian Church in Kansas City, Mo., and was found guilty, and was excommunicated. She appealed to the Presbytery, it being the Lexington Presbytery of said Church, which body affirmed the judgment of the Session.

From the Presbytery she appealed to the Missouri Synod, and there the judgment of the Presbytery was affirmed.

She now appeals to this General Assembly from the action of the Synod.

It appears that the specification of heresy in the charge consists in the fact that the appellant stated to divers persons and taught that one George J. Schweinfurth, a man living in Rockford, Ill., is the Lord Jesus Christ.

The record shows that the appellant admitted the truth of the charge in the presence of the Session, and persists in asserting the statement.

The committee have carefully examined the record, and find that the law of the Church has been substantially complied with by all of the Church courts which have had the case before them, and therefore recommend that the judgment of the Missouri Synod be in all things affirmed.

N. GREEN, *Chairman.*

#### BOARD OF PUBLICATION ADDENDA.

The Board of Publication submitted an Addenda Report, which was referred to the Committee on Publication.

#### REPORT OF COMMITTEE ON JUDICIARY (Nos. 2, 3, 4, 5, 6).

Report No. 2 of the Committee on Judiciary was read and adopted as follows:

The Judiciary Committee have before them, and have considered certain interrogatives propounded by the Rev. J. M. Ragan, of Chillicothe Presbytery, to that body, and by the Presbytery referred to this General Assembly; and a deliverance thereon is asked. It does not appear from any paper before this committee or otherwise that any case involving the questions proposed has arisen, but that the questions are asked with reference to a future possible state of things.

The committee do not think it would be the duty of this body to express itself in advance upon matters on which it may be required to sit as a court hereafter, or to give its opinion upon questions which may never arise. "Sufficient unto the day is the evil thereof." We therefore recommend that the General Assembly respectfully decline to respond to the said interrogatives.

N. GREEN, *Chairman.*

Report No. 3 of the Committee on Judiciary was submitted and adopted as follows:

AS TO DISABLED MINISTERS.

In respect to the memorial of the Chillicothe Presbytery the Judiciary Committee report as follows:

The memorial discloses the fact that there are within the bounds of that Presbytery certain aged ministers belonging to the Cumberland Presbyterian Church, who might not, in case an application should be made, be entitled to aid from our Board of Ministerial Relief, in view of certain constructions which might be put upon the language of the Articles of Incorporation of said Board.

To remove all doubt, and to relieve the ministers and members of the Church within said Presbytery from embarrassment, the memorialists ask this General Assembly to construe the following language in the said Articles of Incorporation:

“. . . they having fully consecrated themselves since entering said ministry to the active duties of said Church.”

The language quoted forbids aid from the Board to any disabled or indigent minister, though he be a minister in the Cumberland Presbyterian Church, unless in the past he has been fully consecrated to the active duties of the ministry. What is meant by “fully consecrated to the active duties?” This committee, in response, offer the following suggestions and recommendations:

1. The words quoted do not necessarily mean that the whole time of the applicant must have been spent in the work of a pastor or preacher.

2. There may have been periods of inactivity or failure to work, owing to ill health, want of employment, family affliction, or some other overpowering necessity, and still the applicant might be entitled to aid.

3. The Articles would not exclude from the benefits of this charity one who had taught school, cultivated the ground, or made tents as a necessity, and the better to enable him to preach the gospel.

4. The proper construction of the language in question is intended to exclude those who have made any secular employment whatever the primary business of life, and the preaching of the gospel merely incidental.

5. To be entitled to aid, the main purpose of the applicant must have been to do the legitimate and appropriate work of a minister of the gospel, and this must be determined by his past conduct.

6. It would not be wise, if it were possible, to lay down more minute rules for the action of the Board. Each case must, to a great extent, rest upon its own circumstances, and the Board should be allowed to exercise a sound discretion within the limits of the Articles of Incorporation and the positive instructions of this body.

Respectfully submitted.

N. GREEN, *Chairman.*

Report No. 4 of the Committee on Judiciary was submitted and adopted as follows:

ELDERS ELIGIBLE TO THE MODERATORSHIP.

The Judiciary Committee have examined the resolution of Rev. J. R. Goodpasture, wherein it is proposed to so change the general regulation of

the Church as to confine the office of Moderator to ordained ministers, and the committee recommend the rejection of said resolution.

N. GREEN, *Chairman*.

Report No. 5 of the Committee on Judiciary was submitted, and adopted as follows :

SELECTION OF COMMITTEES.

The Judiciary Committee have considered the resolutions offered by Rev. B. D. Cockrill, wherein it is proposed that the manner of appointing the Standing Committees at the opening of each session of the General Assembly be taken out of the hands of the Moderator, and be intrusted to a committee of five members to be appointed by the Moderator, etc.

This committee respectfully suggest that they are not able to see any sufficient reasons for altering the present law of the Church in this regard, and therefore recommend the rejection of the said resolutions.

N. GREEN, *Chairman*.

Report No. 6 of the Judiciary Committee was submitted, adopted, and is as follows :

REV. D. T. WAYNICK'S APPEAL.

The Committee on Judiciary, to whom was referred the appeal of Rev. D. T. Waynick against the action of the Synod of Tennessee, have considered the same, and respectfully report :

We find the following to be the facts giving rise to this controversy :

At the spring meeting, March, 1889, of Memphis Presbytery, a communication was presented from a member of the First Cumberland Presbyterian Church, Memphis, addressed to the Presbytery, the reading of which was commenced, without objection ; and when the first page thereof had been read, an objection was made to the paper, upon the ground that it was not in order, and thereupon the Moderator declared the paper out of order, the reading ceased, and no further notice of the paper was taken.

Against this action of the Moderator Brother Waynick entered a protest.

At the next meeting of the Presbytery, September, 1889, an answer to said protest was entered upon the Minutes of said Presbytery.

At the meeting of the Synod of Tennessee, October, 1889, the action of the Moderator and of the Presbytery, in making answer to the protest, was sustained by the Synod, and from this action Brother Waynick presented an appeal to the General Assembly.

The first question presented for consideration is: Was the action of the Moderator correct, in ruling that said communication was out of order?

The reasons for this ruling, as stated in the answer to the protest, are :

1. Said paper was not a communication addressed to the Memphis Presbytery, but in an envelope addressed personally to a member of the same.

Although inclosed in an envelope addressed to a member, the paper, as already stated, was addressed to the Presbytery in proper form.

2. It purported to be a memorial from a member of the First Cumberland Presbyterian Church, Memphis, but was sent without the knowledge of its Church-session, or any notice having been given them of such intended action.

We are not aware of any rule requiring such notice, and are of opinion that none was necessary.

3. Said paper was not regularly brought before the Presbytery, as stated in the protest, but was placed upon the Clerk's table during his absence, and without his knowledge as to how it came there.

We do not think this point well taken. The Clerk made no objection, but recognized the paper as properly in his possession, and the reading of the same was commenced by a member at his request.

4. No appeal was taken at the time from the ruling of the Moderator.

We are of opinion that the question could be properly presented to the Synod by protest; and that while an appeal might have been taken, it was not necessary to do so in order to give the Synod jurisdiction, as this could be done by entering a protest, as was done in this case.

The paper in question, so far as the same was read, showed it to be a communication, addressed to the Presbytery, representing that "the undersigned" was a member of the First Cumberland Presbyterian Church, Memphis; that he came before the Presbytery seeking justice; that he had been served with a copy of a preamble and resolution adopted by the Church-session of said Church, in which he was accused of grave delinquencies as a member and officer of said Church.

When so much of said paper had been read, some member objected to it as out of order, and the Moderator so ruled. The remaining portion of the paper was not read, so that the Presbytery might see what action had been taken by the Church-session, if any, nor what the author desired the Presbytery to do.

The paper is respectful throughout, and if the reading had proceeded, it would have appeared that it asked the Presbytery, in courteous terms, to order the Church-session to take some action upon the charges, the truth of which he denied, seven months having elapsed, and nothing having been done by the Church-session to bring the matter to an issue.

We are of opinion that the communication presented proper matter for the consideration of the Presbytery, that it was neither irrelevant nor otherwise out of order, and that therefore, the ruling of the Moderator complained of was erroneous.

It is proper to say that it appears, from the action of the Synod, that all the facts in the case were not before that body, and in reporting, as we do, that the Synod was in error in sustaining said ruling, this explanation is made in justice to that Court.

The next question presented for consideration is: Was it proper for the Presbytery, at a subsequent meeting and in the absence of the protestant, to enter upon its Minutes an answer to the protest?

The General Assembly has decided (See Minutes 1886, p. 43) that a member of a Church-session could not, at a subsequent meeting, protest against the action of the Church-session had at a meeting at which he was not present. We should hold otherwise but for that decision. Yielding to its authority, and being of opinion that the right to put an answer on the record to a protest stands upon the same ground as the right to protest, that the reason for the decision just stated applies with much greater force to the higher Courts than to the Church-session, we report that it was an error in the Synod to sustain the Presbytery on this point.

Upon the whole case, we are of opinion that the appeal should be sustained, and the action of the Synod reversed. N. GREEN, *Chairman*.

## REPORT OF COMMITTEE ON CORRESPONDENCE (No. 2).

The Committee on Correspondence submitted the following Report No. 2, which was adopted:

Your Committee on Correspondence offer the following Report No. 2:

We have had before us, and have examined with care, the report of the Executive Committee of the Western Section of the "Alliance of the Reformed Churches holding the Presbyterian System," and which was referred to us, and offer for your adoption the following recommendations:

(1) The report of the Executive Committee is herewith returned, and we recommend that it be spread upon the Minutes of the General Assembly.

(2) That an order be drawn upon the Treasurer of the General Assembly for three hundred dollars (\$300.00), your proportion of the Expense Fund for the year ending April 30, 1891. G. T. STAINBACK, *Chairman*.

## REPORT OF COMMITTEE ON MINISTERIAL RELIEF.

The Committee on Ministerial Relief presented its report, which was adopted in part, and was called to the docket.

## MEMORIALS AND OTHER PAPERS.

Certain memorials and other papers were read and referred to appropriate committees.

## REPORT OF COMMITTEE ON MISSIONS.

The report of the Committee on Missions was taken up, pending the consideration of which the General Assembly took recess till 2 o'clock.

TUESDAY, May 20, 2 o'clock P.M.

## REPORT OF COMMITTEE ON PUBLICATION.

The Committee on Publication presented the following report, which was adopted, except item No. 2 of the recommendations, which, with some items of a kindred nature from the reports of the Committees on Missions and Ministerial Relief, was referred to the special committee appointed to designate periods for making contributions to the benevolences of the Church:

## REPORT OF COMMITTEE ON PUBLICATION.

Your Committee on Publication would present the following report:

We have endeavored to give due attention to all the features of this important work. No question of more intense interest can come before this Assembly than the prosperity and success of our publications. We note with pleasure the progress made during the year just expired, especially the report of \$10,000 net increase in the profits of the House, and the increase in the circulation of the *Cumberland Presbyterian* and the Sunday-school publications.

We desire to commend the Board and all the editors of the House on their

work, and the General Manager for his wise planning and energetic efforts, which we believe have contributed largely to the results which are so satisfactory to the whole Church.

#### PUBLISHING HOUSE.

During the year the question of the location of the Publishing House has been settled, Nashville chosen as the place, and a lot purchased at the cost of \$15,600, in an eligible location on Cherry Street. Ten thousand dollars of the purchase money will be paid by citizens of Nashville; and the Board assures us that one third of the lot (which will not be needed) has on it a good house, bringing a sufficient rental to pay taxes, insurance, and interest, which may be sold at any time for five or six thousand dollars. The purchase of the lot, therefore, creates no debt at all. The Board now ask to be allowed to issue mortgage bonds to an amount not to exceed \$50,000, to erect a Publishing House on this lot.

Your committee recommend that you grant this request, and that the stipulations of the bonds and the provisions of the mortgage or mortgages be left to the discretion of the Board.

Your committee would recognize with profound thankfulness the liberality of the Cumberland Presbyterians and citizens of Nashville, Tenn., in their magnificent gift to this enterprise, and would suggest that the Board open itself to free-will offerings from congregations and individuals who may wish an interest in this work. This is to be construed simply as a willingness on the part of the Board to receive these offerings, and not as permission to call on the Churches for contributions to this purpose.

#### BOOKS.

Your committee take pleasure in calling attention to the work of the Board in the books issued during the year. They are of such a character, both in contents and mechanical make-up, as to challenge the admiration of the whole Church.

The policy pursued by the Board in securing itself against loss in publishing these books is highly commendable, and we believe they should continue the same policy in the future. Especially would we recommend that by agencies, or otherwise, an earnest effort be made to place these books in the homes of our people.

#### THE CUMBERLAND PRESBYTERIAN.

It would be useless for your committee to commend the *Cumberland Presbyterian*. As a religious weekly, we believe it to be the peer of any denominational paper published in the United States.

There are some complaints, however, of the editorial management of the paper, and there may be in some instances real grievances. Your committee would urge upon the Board to see to it that the editors pursue a conciliatory policy at all times, paying due and courteous attention to all their correspondents and contributors.

We also recommend that the Board make the editorial department of the paper wholly impersonal.

#### THE REVIEW.

It is with regret we notice that the circulation of the *Cumberland Presbyterian Review*, so excellent and first-class in every particular, has met with

such a meager circulation. We recommend an earnest canvass by Presbyterian Agents appointed by the Board of Publication to increase the circulation to a paying basis.

It is the opinion of your committee that an increase of agencies for the circulation and wider dissemination of all our publications is a necessity. Presbyteries should see to it that every congregation in their bounds has an agent—the pastor, if he will act, and if not, some active member of the congregation, who shall report to each meeting of Presbytery the work done and the success attained. Many subscriptions might be secured and many books sold by such a systematic canvass of the congregations as these agents could make. Preachers should mention from their pulpits from time to time the *Cumberland Presbyterian*, the *Review*, and the books published, and encourage the people to buy our own literature. Thus the Church will gain power, the pastor's work will be lightened, and the publishing interest helped.

#### SABBATH-SCHOOLS.

The Sabbath-school work of our Church shows marked signs of growth and development, and the people generally are not only becoming interested in the work of instructing and training the young for Christ and his Church, but they are manifesting a commendable zeal and readiness to purchase and use our own Church literature.

We notice with pleasure the reduction in the price of our literature, and the large increase in circulation, and urge that these facts be more vividly brought before our people.

We notice with approval the past policy of our Board to supply free, for the purpose of introduction, our Sabbath-school literature to new schools.

We would recommend the following:

1. Believing that the combined labors of the General Superintendent of Sabbath-Schools and the editorial work of Sabbath-school literature imposes too much labor upon one man, owing to the growing interest of the work, we recommend that the Board consider the advisability of employing a field Secretary, who shall spend at least one half of his time in the field, and the rest in assisting on the editorial work.

2. Special attention is called to Children's Day—the first Sunday in June. This has become one of the recognized powers of the Church as an educational agency, and we would reiterate that you urge upon all Churches to observe this day by the use of suitable programmes, and that liberal contributions be taken in all Churches by young and old for the extension of Sabbath-school and Church work. We also recommend that a portion of the funds so raised be used in the employment of such State agents as shall be needed. Your committee are of the opinion that the Board should strive to make ready the programmes for earlier distribution than heretofore.

3. That you urge upon your pastors and sessions that they take a more thorough oversight of their Sabbath-schools, especially to see that the work of the primary department be well manned and equipped.

4. It is the opinion of your committee that you grant to your General Superintendent space in the printed Minutes of the General Assembly for a full tabulated statement of all Sabbath-school work by Presbyteries, with such summaries as may be necessary to place the work fully before our people.

All of which is respectfully submitted, earnestly praying that the great Head of the Church would guide us by his counsel and give us abundant success.

R. M. TINNON, *Chairman*.

#### REPORT OF COMMITTEE ON MISSIONS.

The report of the Committee on Missions was amended and adopted as follows:

Your Committee on Missions would offer the following report:

The last commission given by our Savior to his Church was, "Go ye into all the world and preach my gospel to every creature." To carry out this command is the supreme business of the Church. Nearly nineteen centuries have passed away since this command was given, and yet two thirds of the human race, or, in round numbers, one thousand millions of human beings for whom Christ died have never yet heard that there is a God to whom they are accountable, or that they have immortal souls to save. The very purpose for which the Church exists is to bring the gospel of Christ into contact with these millions.

Missionary enterprise is not an aspect or phase of Christianity. It is Christianity itself. "Ye are my witnesses." "Ye are the light of the world, the salt of the earth." As the agent of Christ in the extension of his sublime purpose—the supplying of the spiritual needs of the world—the Church is of necessity a missionary organization, formed, and permitted to exist for this very purpose, and authorized and commanded to carry the gospel to every creature. The Church of to-day must not, as did the eleven, make the blunder of simply knowing Jesus after the flesh, and of clinging to him as their special possession, and speaking of the days when he was with them. But it must grasp the idea of Paul, that the resurrection and ascension of Jesus gave him lordship over the entire world. The resurrection of Christ is no glorious end sealing a work done; it is itself but the beginning and not the end. The full work had not really begun until Jesus rose from the dead. The resurrection of Christ plants the Church in the very midst of the vital energies of the world. It leaves behind all distinction of blood; it deals with man as a thing of earth, as a particular seed, as he is through birth in the flesh; he is dead to all these, for there is neither Jew nor Gentile, bond or free. The world is the field of the

\* This last item was reconsidered. See page 41.—T. C. B., S. C.

Church. "All the world" and "every creature" constitute the limit of Christ's commission. Into all the world the Church is to go, bearing this message of salvation to every creature, that all may be subdued to the Lord of the resurrection. And each particular Church is thus a missionary body, and each individual Christian a missionary. As such he is a messenger of glad tidings to every member of Adam's race, however far away. This is a cardinal obligation brought into the very constitution of the Christian Church at large, and of each particular organization of the Church; and any deviation from it, even in thought, is infidelity to the great commission of our Lord.

From the most excellent report made by your Board of Missions, and which we have examined with some care, we are able to state that the work committed to the hands of that Board has made commendable progress in the past year. The work in Japan and Mexico is making steady, and we believe, permanent progress. By referring to the annual report of the Board, you will see the needs and wants of your missions there. The several city missions under the care of the Board have also made substantial progress during the year. There are many wide and inviting fields open to us as a Church, but the Board is powerless to occupy them because of the failure of the Church to furnish the money demanded. The importance of occupying the cities, the great centers of influence in our country, can not be overestimated. It is estimated that one fourth of the population of our country live in the cities. They are not only the centers of influence, but the seat of Satan's power. As a Church we will be recreant to our trust if we do not bear a part in the work of evangelizing the cities of our land.

We are pleased to state that while the contributions to the Board have not reached the amount called for by the last General Assembly, there has been a gain of \$4,500 over the contributions of last year. All this has been used in the work of the Board, leaving a debt of over \$6,000 still unprovided for. This should not be. With the amount of the Lord's money in the hands of the Church, this debt should be speedily provided for.

It is with great pleasure that we note the progress made by our Woman's Board in the past year. It has just closed the first decade of its existence by sending to Japan two new missionaries, and collecting more than \$10,000 for the work of missions. At its late meeting at Martinsville, Ind., it resolved to devote its surplus funds, after supporting its missionaries, to the Home Field. We think this a wise plan, and predict that it will result in increased contributions to that Board.

We again call your attention to the work of the Board among the Indians. For more than half a century our Church has been trying to sow the seeds of the gospel in the hearts of the Indian tribes on our western borders. Much good has been done, and many souls have been saved. But much yet remains to be done. There are, to-day, near 200,000 of these Red Men of the Wilderness, who scarcely know that there is a God, or that they have souls to save. Liberal means should be devised at once by which this work can be more extensively carried on.

We would ask the attention of the whole Church to the colored population of our country. They are here, a part of our body politic, seven millions in number, and will remain. Statesmen are agitated and puzzled as to how to settle this race problem. The Church has within its reach that

which will settle these difficult questions more quickly than any other. Give them the gospel of Jesus with its accompanying blessings, and the work will be accomplished. Nothing is so well calculated to settle these difficult questions as the religion of Jesus Christ. Our brethren of the colored Cumberland Presbyterian Church should have the sympathy and prayers, and as far as possible, the material aid of our people in their struggling effort to give the gospel as taught by Cumberland Presbyterians, to the people of their own race.

With this general statement as to the work of the whole field, we make the following recommendations:

1. That all our Churches and people observe the first Sabbath in February, 1891, as a day for prayer for Missions and for our missionaries in both the Home and Foreign Field. And that our ministers, as far as may be convenient, preach a sermon on the subject of Missions.

2. That, as heretofore, all our Churches be requested and urged, to make at least two offerings during the year for Missions, one for the Home, and one for the Foreign work, and send them to the Board at St. Louis.

3. That the Sabbath-schools of the Church be again requested to take one collection each month during the ensuing year, for the cause of Missions, and send it to the Board at St. Louis.

4. That the missionary literature of the Church, the *Record* and the *Banner*, be commended to our people as educators along the line of Christian Missions.

5. That Rev. S. K. Holsinger, of West Chester, Ohio, be appointed to preach a sermon on Missions before the next General Assembly, and that Rev. R. M. Timmon, of Fort Worth, Texas, be his alternate.

6. That you indorse the action of our missionaries in Japan in forming a union with the other Presbyterian bodies of that empire, and humbly pray that the largest results may be realized therefrom.

7. That in view of the wide-open door in Japan for the spread of the gospel, made so by the providence of God and the government of Japan, that you instruct your Board to call upon the Church for larger contributions for the Foreign work, and that it send the reinforcement asked for by our mission in Japan as soon as the men and the money can be obtained. And we further recommend that, in view of the fact that the mission has set forth the necessity for the establishment of first-class Christian educational facilities for boys, to the more effectually carrying forward their work, the Board appropriate funds for that purpose as soon as its financial condition will allow.

8. That you recommend the Board to call for fifty thousand dollars for carrying forward the work the ensuing year, and that it apportion the same to the Presbyteries as was done last year.

9. That you recommend increased activity in the Home work. Doors are open to us to-day which will not longer indulge our tardiness. There is scarcely a city or town in the field of our operation which we could not occupy if the Church would furnish the men and the money. We call the attention of the Board and the Church to Arizona, New Mexico, Oklahoma, Florida, Kansas, Nebraska, Iowa, and the cities of San Francisco and Fresno, California; also to Johnson City, Tenn., and Cairo, Ill., as fields which are especially open to us as a Church. The new State of Washington is a most

promising field now open to the Cumberland Presbyterian Church. It is fast filling up with people from every part of the globe, and among the thousands who are daily seeking homes there are many of our people from the older States, who, if encouraged, are ready to form *nuclei* of new Churches. If they are not so encouraged they are liable to drift to other Churches and be lost to us. Prominent towns, cities, and country communities are open to our entry, could we have men suitably prepared, who are willing to enter this great field with a guarantee of nothing but hard work, and are willing to trust God and convince the people among whom they labor that they are workmen worthy of their hire. The Presbytery of Walla Walla, the only one in the State, is comparatively weak and unable to guarantee any thing, but the way is open for the planting, under the Committee, of several promising enterprises. The local Presbyterial Committee on Missions have very lately arranged for a pastor at Dayton, the county seat of Columbia county. A venerable elder will guarantee a living to the right man, for one year, who will undertake the building of a church in the flourishing city of Colfax. A church is already under contract for erection in the city of Seattle, under the management of the Rev. J. R. Kirkpatrick, of Oregon, and another is contemplated by the Rev. W. W. Beck, in another part of that great city. Besides such towns, there are large communities of prosperous ranches where no services are held, and where there are *nuclei* of Churches in which good, consecrated men could build up self-supporting Churches in a few years. Notably among them is Eureka Flats, one of the richest sections of the county of Walla Walla, in which we have an organization, and where they need a man. We call the special attention of the Board of Missions to this great field, and recommend that it put itself in communication with the Presbytery, looking to the establishment of at least one mission in that field.

10. That, having heard with pleasure the greetings from the Woman's Board, as presented by Mrs. Romans, you reciprocate the same by appointing the Rev. W. B. Farr, D.D., of Dallas, Texas, to bear the greetings of this General Assembly to the next meeting of that Board, at Dallas, Texas, in May, 1891.

Having duly considered the resolution offered by the Rev. J. M. Hubbert, that a Board of Church Erection be established, we recommend that said Board be established, and that it be located at Kansas City, Kansas, and that the following regulations be adopted:

1. That the Board consist of the following members: The Rev. B. P. Fullerton, the Rev. J. W. Morrow, and L. A. Goodman, of Kansas City, Missouri, and J. C. Cobb, of Odessa, Missouri, and G. S. Upton, of Union, Nebraska.
2. That three members constitute a quorum for the transaction of business.
3. That the Board meet at its earliest convenience, organize, and procure a charter.
4. That the Board shall make annual report to the General Assembly of its work and condition.
5. All vacancies occurring in the Board shall be filled by appointment by the Board, and confirmation by the General Assembly.
6. That the months of September and October be fixed as the time when

all our ministers in charge of congregations be required to explain and urge the claims of this Board and its cause, and take public or private collections for the purpose provided herein, and forward the same to the Treasurer of the Board.

7. That the functions of this Board, for the present, be to collect funds for Church Election, but that the actual work of planting Churches be left with the Board of Missions.

And now in conclusion. Never, in the history of God's providence, was there a grander opportunity than is now afforded the Church of Jesus Christ to carry the gospel to the whole world. The whole world is now practically open to the missionary of the Cross. It is also Satan's opportunity. His emissaries are actively at work in disseminating infidelity and debauching the people with strong drink, as the nations open to the commerce of the world. Let the Church of Christ, purchased with his own blood, awake from its sleep of death and hasten to carry out the command of our Savior to evangelize the whole world.

Respectfully submitted,

W. T. FERGUSON, *Chairman.*

#### LETTERS OF DISMISSAL.

The following resolution, offered by Ruling Elder D. L. Bourland, was adopted:

*Resolved,* That as a means to avoid the frequent loss of membership to our Church by removal, we recommend that our ministers, upon the removal of any member from within their charge, shall immediately notify the pastor of the Church at the point to which the member or members may remove, giving such information concerning the removing member as may be of interest.

#### REPORT OF COMMITTEE ON MINISTERIAL RELIEF.

The report of the Committee on Ministerial Relief was called from the docket, and adopted as follows:

MR. MODERATOR AND BRETHEREN: Your committee have had under careful consideration the subject of Ministerial Relief in connection with the Ninth Annual Report of that Board. You have reasons to rejoice that the Church has so heartily taken up this blessed beneficence, and that its effort in this direction has so steadily yet quietly and harmoniously increased year by year. The members of the Board are to be commended for their fidelity and good judgment in the execution of your plans and recommendations for this work. But above all, the approval and blessings of our heavenly Father, so manifestly resting upon this cause, call for your humble and most grateful acknowledgements.

We make the following recommendations:

1. That the time assigned to this Board, November and December, be uninterruptedly preserved to this work in which the Board may make its appeals, and the Sunday-schools and congregations their contributions for Ministerial Relief.

2. That the third Sunday in November be set apart and known as Ministerial Relief Day, not only for the children, but also for all your congregations; and that your pastors and Church Sessions shall see that it is suitably observed.

3. That your Presbyteries take heed to your previous deliverances requesting them to appoint Permanent Committees on Ministerial Relief in each Presbytery, whether there be beneficiaries of the Board in their bounds or not, and that they vigorously urge the importance of each and every congregation under their care making its annual contribution to this cause, and that the amounts previously given be increased in every possible instance.

4. That the precautions, both on the part of the Board and also on the part of the Presbyteries through their permanent committees, be strictly observed, to the end that help be extended only to such persons as come strictly within your regulations. That to this end you instruct your Board, so to revise and explain the application blanks used as to elicit all needed information.

5. That your Board strictly observe the rule requiring annual reports from the Presbyteries concerning each beneficiary, and in the case of death or change of circumstances of any beneficiary, immediate information of the same be sent to the Board by the Presbytery through its permanent committee.

6. That attention again be called to the importance of all parties making reports to the Board of help extended directly to needy ministers or their families, whether money or boxes of valuables; but that all such help, whenever at all possible, be extended through the Board.

7. That the question of establishing a Home for disabled ministers, referred to this committee, be referred to the Board for its consideration.

8. That, though the contributions to this Board have gradually increased, you still urge this blessed work, until its efficiency shall become commensurate with the Church's need. Respectfully submitted.

#### REPORT OF COMMITTEE ON EDUCATION.

The Committee on Education presented its report, which was amended and adopted as follows:

The Committee on Education present the following report:

Educational institutions of various grades are multiplying in the Church, and many of them are doing good work in the cause. Some have small endowments, others are wholly dependent upon patronage for support. At this time endowment is absolutely essential to the permanence of any school of high order. All our Church schools ought to have the support of our own people. A school under the fostering care of a Presbytery, Synod, or of the General Assembly, is justly entitled to the patronage, influence, and money of the people according to the obligations assumed at the time of the establishment of such school. The Church seems to be alive to the importance of education; and perseverance, pluck, and energy on the part of those engaged in educational work will finally bring the support so necessary to success. The great heart of our people is right. The only difficulty is in rightly moving it.

The report of the Board of Education shows an increase of work and enlargement of usefulness. More money has been received and disbursed for the benefit of probationers in the different schools of the Church during the year just closed than in any previous year. The Board enters upon the la-

bors of a new year with courage and confidence. With the hearty co-operation of the Church it can do a grand work.

The Board ask, and we recommend that you grant your approval of the following changes, viz.: T. M. Hurst and Frank Slemmons to fill the vacancies occasioned by the resignations of Rev. J. C. Provine and Judge John Frizzell; and also the election of Rev. J. R. Henry to be Secretary and Treasurer of the Board instead of R. L. Morris, resigned.

That portion of the Board's report which relates to the endowment of the Theological Department of Cumberland University has been turned over to the Committee on Theological Seminary, and is brought before you in their report.

Complaint is made because such a small proportion of probationers is in School. The complaint would be just if none but those reported to the Board were being educated. The committee believe, however, that a considerable number, of whom the Board know nothing officially, are constantly being educated in schools of different grades all over the land. As a general rule, it is better for probationers to attend the Church schools, and the Presbyteries should be urged to require this whenever it is practicable.

Your committee do not think it proper to make the marriage of a probationer a barrier to his receiving aid from the Board. When a Presbytery shall have indorsed and recommended a candidate, the Board should not be so hedged in by unnecessary regulation that the beneficence of the Church could not flow out to such candidate.

As to the matters presented in the memorials from the New Hope and Indiana Presbyteries, we think the questions will be fully met by the following rules, which we recommend for adoption:

(1) That aid shall be given to those probationers only who are recommended either by the Presbyteries to which they respectively belong, or by the Educational Committees of the Presbyteries.

(2) That not exceeding sixty-five dollars (\$65.00) shall be advanced in one scholastic year to any one probationer; but if after distributing money to each applicant in sums of sixty-five dollars or less, a surplus shall remain in the treasury, then the Board may in its discretion lend additional amounts to any of its beneficiaries.

(3) That no aid shall be given to any one except for necessary purposes.

(4) That all money given to particular probationers should be given through the Board, in order that it may be properly reported.

We insist that congregations should be required by the Presbyteries to make all collections ordered by the General Assembly. Individual contributions can not excuse from congregational collections.

The sum of ten thousand dollars ought to be raised during the ensuing year for the Board of Education. Our Church is able to pay it. With this amount raised and spent for ministerial education, a great impetus would be given to our Church work. One great mission of the Church is to give a qualified ministry to the work of converting the world. We think, therefore, that through the Presbyteries the preachers ought to be urged to talk, lecture, and preach to their people, so far as may be necessary, to awaken them to a realization of their responsibility in this matter.

The paper referred to this committee from the trustees of the colored school at Bowling Green, Ky., contained a statement of facts regarding the

school, and a petition asking that the Board of Trustees of the Cumberland Presbyterian Church be instructed to sell the property of said school, and that the proceeds of sale be used in purchasing more suitable property in that town, or at some other place. The trustees ask also for the appointment of two commissioners by this Assembly, one of whom shall be the President of the Board of Missions, to act in conjunction with three to be appointed by the Colored Cumberland Presbyterian General Assembly, for carrying out all the items of business set forth in said paper after the property shall have been sold. We recommend that the prayer of petitioners be granted, and that Drs. C. H. Bell and J. M. Gill be the commissioners on the part of this General Assembly.

The report of the Committee of Visitation to Cumberland University for collegiate year about closing is cheerful and encouraging. The committee speak in strong words of praise in regard to the work done in that grand old institution. We recommend that a like committee be appointed for the next collegiate year.

The report of the Board of Trustees of Cumberland University has been before us, and we are glad to note its evidences of success. Growth has not been rapid, but it is reliable. There is a reported decrease in the Preparatory School, but an increase in the higher schools. A large number of young men will be graduated on the 5th of June next, and all things indicate future prosperity.

The Board insist on the continuance of present arrangements for the endowment of the Theological School. This point will be brought to your attention in report of Committee on Theological Seminary.

We recommend that Rev. J. W. Fitzgerald be requested to preach a sermon at some hour during the next session of the General Assembly on Ministerial Education, and that Rev. W. H. Black, D.D., be his alternate.

F. R. EARLE, *Chairman.*

The following resolutions by way of amendment were adopted:

*Resolved,* That all the schools in the entire Church, male and female, that are in any way under the care of Synods or Presbyteries, be invited to send up annual reports to the General Assembly, to be referred without reading to the Committee on Education for its consideration.

B. D. COCKRILL.

*Resolved,* That a supplement be added to the Report on Education, giving the names of all the institutions of learning, male and female, in our Church.

L. D. HENDRIOK.

The General Assembly then took recess till 2 o'clock P.M.

It was determined that 3 o'clock this afternoon be fixed as the time when the Committee on Theological Seminaries shall make their report.

#### REPORT OF COMMITTEE ON FINANCE (No. 1).

The Committee on Finance submitted Report No. 1, which was adopted as follows:

Your Committee on Finance report:

1. That we have examined the Annual Report of the General Assembly's Board of Trustees, and find the business in their hands in a safe condition.

2. That papers have come into our hands which show that pledges were made at the last General Assembly by delegates from the various Presbyteries of the Church for the colored school, located at Bowling Green, Ky., to the amount of two thousand and sixty-four dollars (\$2,064). The report of the Treasurer, which we have before us, shows that one thousand and forty-one dollars and eighty-one cents (\$1,041.81) of that amount has been paid, leaving a balance of nine hundred and twenty-two dollars and nineteen cents (\$922.19) unpaid. The report also shows that two hundred and fifty dollars and thirty-five cents (\$250.35) of the amount collected has been paid out for the use and benefit of said school, leaving a balance of eight hundred and ninety-one dollars and forty-six cents (\$891.46) in bank to your credit for said school.

3. We recommend that no more money be paid out for the colored school at Bowling Green, Ky., until the question of location is settled.

4. We recommend that the money on hand, with the pledges yet unpaid, be turned over to the Board of Missions, to be held in trust for said school, whenever it may be located.

5. The Treasurer, the Rev. J. A. McDonald, tenders his resignation, which we recommend that you accept.

Respectfully submitted.

M. M. SMITH, *Chairman.*

#### REPORT OF COMMITTEE ON THEOLOGICAL SCHOOLS.

The Committee on Theological Seminaries submitted the following report, which was adopted:

That ministers of the gospel should be thoroughly equipped for their special work must be admitted by all. This equipment makes their special training a necessity. This training is the work of the Theological Seminary. It is true that many have proved themselves efficient ministers of Christ, "workmen that needeth not to be ashamed," without the aid of the training which the seminary affords; but it is equally true that such training would have greatly increased their efficiency. In this age of general culture and unexampled progress in all lines of mental activity, the demand for a thoroughly equipped ministry is more imperative than ever before. This, too, is a period of theological agitation. Doctrinal standards, hoary with centuries of age, are being tried in the fire and found wanting. Revision is in the air; and the trend of theological thought where this agitation exists is toward the theology which our fathers preached eighty years ago, and which we preach to-day. As Cumberland Presbyterians we can not look with indifference on this struggle that is stirring the hearts of the greatest Presbyterian body on earth. The cry, "They are drifting to the Cumberland-lands!" should inspire us with renewed endeavor to place before the Church and the world a ministry whose ability, scholarship, and knowledge of practical Church work, shall make us worthy of the mission which God has assigned us as pioneers in this doctrinal reform.

Your Theological Seminary at Lebanon, Tenn., is doing all that it can do to prepare our young men for the work of preaching the gospel. And we are pleased to note that the work of the Seminary is growing, and that so many of our young preachers are being trained by its excellent faculty. It is to be regretted, however, that so many are not availing themselves of the opportunities offered by this institution.

Rev. J. S. Grider, D.D., the agent appointed by the Assembly to increase the endowment of the Seminary, has been actively engaged in this work during the year. Though his success has not been all that could be desired, we believe no more efficient man than he can be found for this work. We therefore recommend that he be continued in the field another year, and that in accordance with his own request his salary be fifteen hundred dollars with necessary traveling expenses and for stationery.

We recommend also that the remainder of the \$100,000 proposed as an endowment, and not yet secured, be apportioned to the several Presbyteries of the Church, that the Rev. Drs. T. C. Blake, W. J. Darby, and J. S. Grider, be appointed a committee to make this apportionment, and that said apportionment be printed in the Minutes of the General Assembly in connection with this report.

We recommend further that large private gifts shall not affect this apportionment, but that all such gifts shall be credited to the Presbyteries in which the donors reside.

We further recommend that the agent for this endowment report to the next General Assembly the amounts secured in accordance with this apportionment or otherwise, giving each Presbytery due credit for what it has contributed, and that he also continue to report bi-monthly to the Board of Education.

We further recommend that one half of the amount apportioned to the respective Presbyteries be paid during 1890-91, and the other half in 1891-92;

and that all contributions made since January 1st, 1890, be considered as a part of this apportionment.

In accordance with the prayer of the memorial from Lebanon Presbytery, calling attention to needed improvements and repairs which will cost probably \$2,000, we recommend that all the congregations in the denomination be asked to contribute toward a fund for this purpose on the first Sabbath in July, or as soon thereafter as possible, and remit the same to Hon. E. E. Beard, Treasurer of Cumberland University, Lebanon, Tenn.

We also recommend that the Secretary of the Board of Education be required to notify the Churches and ministers in regard to this special collection, and that he draw on the Treasurer of the University for money to meet the expenses incurred.

Respectfully submitted.

E. T. BOWERS, *Chairman.*

#### THE APPORTIONMENT.

The committee appointed by the last General Assembly to apportion among the Presbyteries an amount sufficient to increase the endowment of the Theological Seminary to one hundred thousand dollars (\$100,000) or near that amount, report the following:

In this apportionment the committee have taken into consideration the location, and the ability of the Presbyteries, and have not in many instances been guided by the number of members. That in some cases the pro rata is not just as it should be we have no doubt; but the committee have made the best distribution they could under the circumstances, and if it should turn out that it will enable the Presbyteries to increase the working force in our only Theological School, the Church will, no doubt, be devoutly thankful. The distribution is as follows:

Alabama, \$300; Albion, \$250; Anderson, \$400; Allegheny, \$300; Atchison, \$50; Arkansas, \$500; Athens, \$150; Bacon, \$200; Bartholomew, \$100; Bell, \$300; Bethel, \$100; Bonham, \$300; Buffalo Gap, \$200; Burrow, \$200; California, \$200; Charlotte, \$250; Chattanooga, \$400; Cherokee, \$50; Chillicothe, \$250; Colesburg, \$50; Colorado, \$300; Cumberland, \$400; Davis, \$400; Decatur, \$350; Elk, \$600; Eden, \$50; Ewing (Ark.), \$400; Ewing (Ill.), \$300; Florida, \$50; Foster, \$300; Georgia, \$300; Greenville, \$150; Gregory, \$250; Guadalupe, \$250; Guthrie, \$500; Hiwassee, \$400; Hopewell, \$600; Illinois, \$200; Indiana, \$500; Iowa, \$50; Kansas, \$200; Kentucky, \$400; King, \$300; Kirkpatrick, \$300; Kirksville, \$300; Knoxville, \$400; Lebanon, \$2,000; Lexington, \$650; Little River, \$300; Logan, \$600; Louisiana, \$50; Mackinaw, \$350; Madison, \$500; Marshall, \$200; Mayfield, \$400; McGee, \$300; McGready, \$100; McLin, \$200; McMinville, \$500; Memphis, \$500; Miami, \$300; Mississippi, \$150; Morgan, \$100; Mound Prairie, \$250; Muskingum, \$100; Nebraska, \$100; Neosho, \$150; New Hope, \$450; New Lebanon, \$400; Nolin, \$150; Obion, \$400; Ohio, \$400; Oregon, \$100; Ouachita, \$150; Oxford, \$350; Ozark, \$300; Parsons, \$150; Pennsylvania, \$400; Platte, \$300; Princeton, \$400; Red Oak, \$500; Red River, \$300; Republican Valley, \$100; Richland, \$1,000; Robert Donnell, \$400; Rocky Mountain, \$100; Rushville, \$100; Sangamon, \$300; Sacramento, \$200; Salem, \$200; Salt River, \$350; San Jacinto, \$100; San Saba, \$200; Searey, \$350; Sparta, \$400; Springfield, \$350; Springville, \$350; St. Louis, \$350; Talladega, \$300; Tehuacana, \$200; Tennessee, \$200; Texas, \$100; Trinity, \$200; Tulare, \$150; Union, \$300; Van-

dalia, \$300; Wabash, \$200; Waco, \$300; Walla Walla, \$100; Washington, \$200; West Iowa, \$50; West Plains, \$100; West Prairie, \$100; White River, \$350; White Rock, \$300; Wichita, \$200; Willamette, \$100; Yazoo, \$200.

We believe the apportionment here made is within the reach of every Presbytery's ability, and it now remains for all to take hold of this most feasible plan and prosecute it to a successful consummation.

#### REPORT OF COMMITTEE ON OVERTURES (No. 2).

[Rotation in service of Elder and Deacon.]

The Committee on Overtures made the following report :

Your Committee on Overtures, to whom was referred a number of memorials from Presbyteries, praying for such amendment of the Constitution as will make provision for rotation in the offices of ruling elder and deacon, respectfully report as follows :

We unanimously recommend that you transmit to the Presbyteries for their action the following resolution :

"*Resolved*, That section forty-seven (47) of the Constitution shall be so changed as to read as follows :

" 'The offices of ruling elder and deacon are perpetual, and no one can be divested of either office but by deposition, after regular trial, or by resignation; but any Church may, by a majority vote, after due notice, arrange to elect all its officers for a stated period, in such manner as each Church shall decide; and those thus elected shall hold office until their successors shall have been elected. Furthermore, should a ruling elder or deacon, though chargeable with neither heresy nor immorality, become unacceptable in his official character to a majority of the Church which he serves, it shall be the duty of the Church-session, upon application either from the officer or from the Church, to dissolve the relation, affording, however, full opportunity for the parties to be heard.

J. M. HUBBERT, *Chairman.*

[To transmit such a recommendation as the foregoing to the Presbyteries requires a two-thirds vote. See Constitution, Section 60. The vote on this proposition lacked, perhaps, less than ten of being a two-thirds vote; and as the subject-matter is of interest to the whole Church, the paper is made a matter of record.—T. C. B., S. C.]

#### REPORT OF COMMITTEE ON FINANCE (No. 2).

The Committee on Finance made Report No. 2 on Finance, which was adopted, as follows :

Your Committee on Finance report that they have examined with much care the accounts of the Stated Clerk, and take great pleasure in reporting them correct. Your Stated Clerk is to be commended for his success in collecting the Presbyterian Contingent Fund, there being but few delinquent Presbyteries. In view of the increased amount of labor required of the Stated Clerk, we recommend—

1. That his salary be placed at nine hundred dollars (\$900) instead of six hundred dollars (\$600).

2. That each Presbytery be required to pay into the General Assembly's Contingent Fund two dollars for each ordained preacher instead of one dollar and fifty cents.

Respectfully submitted.

THURSDAY, May 22, 8 o'clock A.M.

The General Assembly met and was opened with prayer.

One half hour was spent in devotional exercises.

The Minutes of yesterday were read and approved.

### REPORT OF COMMITTEE ON DECEASED MINISTERS.

The Committee on Deceased Ministers submitted the following report, which was adopted :

Moderator and Brethren: From the information at hand, your committee report thirty-six names added to the death-roll since the meeting of the last General Assembly. It is sad to have to record the death of so many useful servants of God. Yet at the same time it affords us much consolation to know they are only gone before—a little in advance of each one in this General Assembly and the entire ministry of the Cumberland Presbyterian Church. They have heard the Master's call, "Come up higher," and have had the welcome plaudit, "Well done, good and faithful servant, enter thou into the joy of thy Lord."

1. That the thanks of the Assembly be tendered the Rev. J. L. Goodknight for the faithful discharge of the trust committed to him, as evidenced in said report.

2. That you continue your fraternal correspondence with this body of devoted Christians, and that for said purpose you appoint the following brethren to convey, by letter or in person, your greeting to the Conference which convenes first Tuesday in October next, viz.: REVS. ## REPORT OF COMMITTEE ON OVERTURES (No. 3).

Report No. 3 of the Committee on Overtures was taken up, amended, and adopted as follows:

Your Committee on Overtures have had under consideration a resolution wherein it is proposed that the Presidents and Secretaries of the different Boards, also the Editors of the publications of our Publishing House, shall be elected annually by the General Assembly, and we respectfully report as follows:

Our several Boards are chartered institutions, and there are legal difficulties in the way of carrying out the objects contemplated in the resolution as to these Presidents and Secretaries, and we therefore recommend its rejection.

## COMMITTEE ON MINUTES OF OREGON SYNOD.

Rev. W. J. Fisher, Rev. G. N. Wall, and Rev. J. P. Russell were appointed a committee to whom the Minutes of the Oregon Synod were referred.

## REPORT OF COMMITTEE ON SABBATH OBSERVANCE.

The Committee on Sabbath Observance presented the following report, which was adopted:

A momentous question now presses itself upon the attention of the American people. It is, Shall we have a Bible Sabbath or an infidel Sunday? The Christian people of the country must answer the question.

We are profoundly impressed with the truth that, as Gladstone expresses it, "the religious obligations of the Sabbath are a main prop of the religious character of the country. From a moral, social, and physical point of view, it is a duty of absolute consequence." Chief Justice McLean, of the United States Supreme Court, says: "Where there is no Christian Sabbath there is no Christian morality; and, without this, free institutions can not long be sustained." One of the five causes that brought our forefathers to Plymouth Rock was that they could not induce the people of their native land to reform in the matters touching Sabbath observance, nor save their families from infection from surrounding evils. Immigration is fast bringing us the continental Sunday, with its business and holiday customs. Our late civil war, we admit, had much to do in shaking the foundations of our primitive Sabbath, by instituting government business, such as railway traffic, telegraphing, and military parades. In times of peace we have not recovered what we lost, and, on the other hand, our vast material prosperity, with attendant commercial activity and avarice, has had the effect of driving us farther away from the landmarks of our fathers. We confess, with patriotic shame, that we live under a Christian government which gives us no Sabbath law, but is itself a flagrant violator of the Sabbath laws of the States of the Union. The evil influence of powerful and soulless corporations is but little less efficient in overthrowing the Sabbath than the central government. Many thousands of laborers are obliged by their contract and by their necessities to toil through holy Sabbath hours, thus losing the benefits of an opportunity properly to observe the Sabbath of the Lord their God.

We recognize, in this connection, the baleful influence of the Sunday newspaper, and give our voice against it, because it displaces religious reading on the Sabbath, fills the mind with worldly thoughts of business and pleasure, robs the reader of needed rest from secular cares, shuts out the light of heaven utterly from irreligious homes which it enters, and by its gossip and scandals degrades the morals of the people. It is an enterprise inaugurated and conducted for the purpose of making money, requires many men to work on the Sabbath, and fills the land with the hawking cry of the newsboys. It does not stop with violating the Sabbath itself, but uses its influences to encourage all forms of business and excursions on the Lord's day. For these and other weighty reasons, we urge our people neither to buy nor advertise in Sunday newspapers.

The saloon open on the Sabbath, in front or rear, is the avowed and implacable foe of the Sabbath, and hence, for this, as for other reasons, we set ourselves down as the unrelenting enemies of the saloon, and will not cry "Hold," until the saloon power is pulverized in all our borders. We note with concern the contest going on in the cities and towns of our country between the friends of the Sabbath and the saloon, and hereby declare that our sympathy, and prayers, and efforts shall constantly be thrown upon the side of the Sabbath.

We lament the fact that multitudes of so-called Christian people habitually set for the ungodly a very bad example of Sabbath non-observance. We confess that, in many cases, judgment must begin at the house of God. If God's own people buy and sell on the Lord's day, spend the sacred hours of the first day of the week in reading a secular newspaper, visit their neighbors, and be visited by them, take journeys by private and by public conveyance, and do other such like things, what can we expect from our neighbors who affect no regard by profession for the commandments of God?

As a remedy for the evils alluded to we recommend, therefore, first of all, that our people set the people of the world a consistent example of Sabbath observance. We ask, also, that special meetings be held to advance the interests of this cause, that sermons and addresses be delivered on the subject, and especially that greater efforts be made in our Churches to indoctrinate the children and youth of our families properly concerning the claims, sanctities, and obligations of the Sabbath. In particular do we recommend that, in response to the request of the World's Sabbath Prayer Union, all our ministers and Churches observe, in this interest, the first week of April every year as a week of prayer, and that our pastors be hereby directed to preach sermons on the first Sabbath of April, yearly, in behalf of a better Sabbath observance. We appreciate, also, the necessity of freely scattering literature on this subject among the people, and we take pleasure in commending the publications of the Sabbath department of the Woman's Christian Temperance Union, which can be secured through the Superintendent, Mrs. J. C. Bateham, Painesville, Ohio.

We plead for the enactment and enforcement of wholesome laws upon the Sabbath question. It has been said there are two chief foes of the Sabbath: the first, already alluded to, is a vicious example on the part of Christians; and second, adverse legislation—for example, unfavorable laws recently enacted in Massachusetts and Ohio. The friends of the Sabbath should be alert to prevent the repeal of good laws, as well as to secure the enforcement of wholesome existing laws.

We rejoice that ten millions of signatures have been secured to petitions favoring the passage of the Sunday Rest Bill now pending in Congress, and we do hereby heartily express our desire that said bill may pass and become a law that may remedy existing national evils, such as Sunday trains and mails, interstate commerce, and Sunday military parade.

A nation without a Sabbath is a nation without God and without morals, and therefore wanting a secure foundation. De Tocqueville said to an American: "France must have your Sabbath, or she is ruined." Quoting this, an American statesman says: "America must restore her Sabbath, or she is ruined."

It has been said that the rope we are making to strangle ourselves with has three strands—intemperance, impurity, and Sabbath desecration. We believe that Sabbath desecration opens the flood-gate for the inflow of all conceivable crimes and misfortunes. Hence, we beg that you express yourselves in no uncertain words touching the nature of the Sabbath, its sanctions, the dangers to which we are exposed in its desecration, and our duty as Christian people to observe its requirements in all faithfulness and godly fear.

Respectfully submitted.

W. S. DANLEY, *Chairman*.

The Stated Clerk was directed to place a copy of the foregoing report before the Congress of the United States.

#### THE PERIODS FOR CONTRIBUTIONS RECONSIDERED.

The motion adopting the report of the Special Committee appointed to designate periods for making contributions to the benevolences of the Church, was reconsidered, and the report amended and adopted, as follows:

Your committee to whom was assigned the work of re-apportioning the time for the several Boards to present their claims to the Church, would submit the following:

HOME MISSIONS—January, February, March.

EDUCATION—April, May, June.

FOREIGN MISSIONS—July, August.

CHURCH ERECTION—September, October.

MINISTERIAL RELIEF—November, December.

Your committee recommend that the Children's Day fund remain intact for the Sunday-school cause.

We recommend that pastors and superintendents be urged to see that the collections on Children's Day come, as far as possible, from the children and youth of the Church, and that the least possible interference be had with the contributions of the congregations for the cause that is before the Church in the second quarter of the year.

Respectfully submitted.

## REPORT OF COMMITTEE ON TEMPERANCE.

The report of the Committee on Temperance was called from the docket, and adopted as follows:

We take great pleasure in stating that the former utterances of General Assemblies of the Cumberland Presbyterian Church on the subject of temperance and legal prohibition have given no uncertain sound.

As a Church, we stand side by side with the mighty hosts who are engaged in waging a war of extermination against the liquor traffic, the evils of which are too well known and understood to be reiterated in this report.

The legalized manufacture and sale of intoxicating liquors to be used as a beverage; the toleration and support thus given to saloons in our own country, the evils flowing from which are so great; the sanction of shipments of intoxicants to heathen lands, whereby the uncivilized and helpless non-Christian inhabitants are ruthlessly debauched, foreign missionary progress retarded, and race elevation hindered—do, in our judgment, shamefully reflect upon the Christian civilization of this age; therefore

*Resolved*, 1. That, reaffirming the *prime* importance of inculcating the life-purifying doctrines of grace, and of influencing by example and moral suasion the unfortunate and usually generous hearted inebriates to refrain from indulging their acquired habits of using intoxicating beverages, and also the importance of *persistent* efforts to create a popular sentiment in favor of strict temperance, we regard it a duty, as well as a privilege of every Christian, on his own *personal responsibility* to God and humanity, in promoting good morals and the salvation of souls through the gospel, to use every means, sanctioned by his own enlightened judgment as laudable, for securing as soon as possible absolute prohibition of the nefarious liquor traffic.

2. That we commend the noble women of our land for their labor and zeal in the temperance cause in reclaiming inebriates, in teaching the young to abhor the evils of intemperance, and instilling into their minds the principles of sobriety.

3. That each minister in charge of a congregation be requested to preach a sermon during the ensuing year on the subject of temperance, setting forth that the use of ardent spirits as a beverage, dealing therein, or favoring in any manner whatever the vending thereof is inconsistent with Christian character.

4. That we note with profound interest the progress of the prohibition campaign pending in Nebraska against the saloon, and do hereby pledge the friends of prohibition in said State our prayers and sympathy in their present struggle.

C. H. BELL, *Chairman*.

## GREETINGS FROM THE WOMAN'S BOARD.

The Woman's Board of Foreign Missions convened at Martinsville, Ind., May 11th, extend heart-felt greetings to our General Assembly convened at Union City, Tenn., praying God's holy Spirit may guide and direct every action of the vast Assembly. We feel that it did so guide us throughout our convention. We have cause to thank God and take courage in pressing forward in the work designed by our Master that woman can do, realizing God has chosen woman as a part in his great plan of Christianizing the world. He has blessed and guided, as he alone can guide, the weaker vessels.

Our convention was not so large as on former occasions (78 delegates' and 27 visitors' names were enrolled), yet it was a refreshing season, which will linger long on memory's page, and we feel much good will permeate from the meeting. Language fails to express the warm hospitalities received and their appreciation. We had hoped the 10th anniversary would prove the crowning year in finances. There was a falling off in receipts, owing, we think, to the reason we had designated no special sum to reach. Yet we thank God for all his goodness toward us.

Sixty-two thousand dollars have been gathered into the treasury the ten years past. We number over 1,100 Auxiliaries and Bands; about 2,100 Congregations not in the work; 175 Societies failed to report a penny last year. New Auxiliaries, 55; Young Ladies' Circles, 4; Children's Bands, 19; have 78 Life Members enrolled; 13 Synodical Vice-presidents; 77 Presbyterial Secretaries; 50 Presbyterial Organizations; only two or three not in prosperous condition. Total receipts for year, \$10,068.20; special offerings for Home Missions, \$254.46; grand total, \$10,322.66. We regret the falling off in receipts of nearly \$300, and would state that no large offerings were made during the year.

We have raised our standard to \$15,000 for the new year's work, having resolved to aid in the Home field; also hope to increase subscriptions to *Record* to four thousand, if no more, and *Banner* subscription to twelve thousand at least.

May God crown every effort this year made by the pastors, elders, and women of the Cumberland Presbyterian Church—may it indeed be the crowning year in consecration throughout the whole Church! Respectfully,  
MARY Z. ROMANS.

## CHANGE OF SYNODICAL LINES.

The following resolution, offered by the Rev. R. F. Powell, was read and adopted:

WHEREAS, All the pastors, and all the Churches by representative ruling elders, of Nebraska Presbytery, have agreed by signing a petition asking this General Assembly to place said Presbytery in the bounds of Kansas Synod; therefore,

*Resolved*, That this General Assembly order that the lines between the Missouri and the Kansas Synod be so changed as to place Nebraska Presbytery in the bounds of Kansas Synod.  
R. F. POWELL.

## EXPENSES OF THE REV. E. G. McLEAN.

The Stated Clerk was instructed to defray the traveling expenses of the Rev. E. G. McLean, who was appointed by the

last General Assembly to deliver a discourse on Missions before this General Assembly.

#### THE TIME FOR MEETING.

It was determined that when the General Assembly adjourns, it adjourns to meet in Owensboro, Ky., the third Thursday in May, A.D. 1891.

#### RESOLUTION OF THANKS.

The following Resolution of Thanks was introduced by Rev. G. T. Stainback, and adopted by a unanimous rising vote :

*Resolved*, That the sincere and cordial thanks of this General Assembly be and are hereby tendered to the local committee of arrangements, to the pastor and members of the Cumberland Presbyterian Church, and to the citizens of Union City, for the generous and hospitable entertainment which they have given to delegates and visitors ; to the ministers and Churches of this city for the use of their houses of worship and invitations to occupy their pulpits ; to the press for full reports of the General Assembly's proceedings ; to the various railroad lines for reduced rates and other courtesies ; to the Moderator and Clerks for the faithful and impartial manner in which they have discharged their duties ; and to Mr. and Mrs. C. H. Lincoln for the delightful music they have furnished during the sessions of the General Assembly, and that we commend this brother and his wife in their evangelistic work to our Church.

## I.—MISSIONS.

### ANNUAL REPORT OF THE BOARD OF MISSIONS OF THE CUMBERLAND PRESBYTERIAN CHURCH, 1889-1890.

To the General Assembly at Union City, Tenn., May 15, 1890:

#### JAPAN MISSION.

The condition of Japan during the past year has been one of sudden and unexpected changes. Overwhelming floods, earthquakes, and typhoons have swept away thousands of lives, with valuable property, rendering vast numbers of its people homeless and in want, inviting the sympathy and help of humanity when aroused to a sense of the situation. But this terrible loss of human life has not been more exciting, nor perhaps more startling, than the political and social disturbances during the year. The new Constitution, liberal in its provisions touching civil and religious rights, and recognizing, at least in a measure, the existence and claims of Christianity, was proclaimed by the wise and progressive emperor on the 11th of February, 1889, amid great rejoicings of both the native and foreign population. It provided for an Imperial Diet or Parliament to assemble in 1890. In the meantime treaty revision with foreign powers has been a burning question. Until a few months ago high hopes were entertained that a revision beneficial to all concerned would be effected. The happy time seemed at hand when Japan would be fully established among the enlightened and progressive nations of the world, and when restrictions against the spread of Christianity would be more fully removed. But a check to these new movements suddenly occurred. It is gratifying to note that the Minister of the United States readily concurred in the proposed treaty stipulations when other Great Powers refused, and their refusal vitiated the treaty. Subsequently our Minister of State resolutely "broke loose from the Alliance of Powers," and agreed with the Japanese Minister of Foreign Affairs on terms of a treaty mutually satisfactory to America and Japan. Germany and Russia followed, but England and France were slow in their movements, and the golden moment passed. Opposition arose among the Japanese themselves—a feeling of distrust and dissatisfaction was engendered, resulting in the resignation and retirement of the able statesmen who were the wisest counselors of the government in all progressive movements, and causing an unprecedented agitation of the popular mind—an agitation which threatens seriously to impede the progress of empire, and to make it all the more difficult, yet the more needful, to induce the people to accept the pure and peaceful gospel of Christ.

The future alone can unfold the result of the pending crisis. Japan can not draw back into her shell of seclusiveness and be as she was, for the shell has been broken and she has become almost full-fledged. She has felt the benefit of the Christian civilization of other countries. If it were not indubitably true that Christianity is the sure pacificator of humanity, the most ardent friends of Japan would be constrained to indulge feelings of despondency as to the future. The peculiar emergency of the times rather bids Christians hasten with the sweet spirit of Heaven's love and Heaven's

wisdom to direct their wandering hearts. On Christian America rests a very large share of this responsibility, for when with open Bible and singing Kethe's paraphrase of the one hundredth Psalm, Commodore Perry and crew sailed into port in front of Yokohama in 1853, the entrance was not only peaceable, but significant of a high-born purpose to deal with the nation in righteousness and the spirit of brotherly kindness. From that day forward the United States and its Christian subjects have been the foremost friends and benefactors of Japan. They have trusted when others doubted the government and the people; have made advances while others halted.

It is well that it thus should be. The eternal fitness of things requires it. The strength of our own national life, the providential environments, the Heaven-bestowed blessings through which we are the inheritors and the favored possessors of personal liberty and the beneficiaries of the purest spiritual Christianity, through which we are to-day the most powerful and wealthy of nations, make us pre-eminently debtors to all the less favored portions of humanity, and bid us be the leaders in race elevation. Of Christian civilization we are the Western exponents—Japan is our nearest Oriental neighbor—itsself in advance of all Asia in rapid changes from political despotism to constitutional government, and from superstitious enslavement to religious toleration.

The elaborate Annual Report to our Board from the Japan Mission, and the details of the work herewith submitted in full, since they supply a wealth of information, will be read, as we believe, with deep interest:

To the Board of Missions of the Cumberland Presbyterian Church:

As we herewith set before you a review of your work in Japan for the year 1889, and give you a fore glance at the year 1890, it is with mingled feelings of gratitude, encouragement, and perplexity. The grounds for thankfulness are also our reasons for hopefulness and anxiety.

It is God's dealings with us as a Mission, his blessings again to us and our native Churches, the movements in the political and religious life of the people, the realization by Japanese leaders of the magnitude of the work involved in the transition of a nation from the restraints of an unlimited monarchy to the freedom of constitutional government, the thirst of the molders of Japanese thought for a better civilization, the present enlistment of all the various Christian agencies to meet the exigencies of the hour—it is in these and such like considerations that we find reasons for thanking God and taking courage. The same range of facts, also, brings us to that point where we can not do otherwise than entertain some apprehension, not as to the ultimate success of the work in a general way, and of its being faithfully done by some of God's people, but as to the part which we as a Church shall play in the matter. Shall we avail ourselves of those precious openings which God is almost literally thrusting upon us, or shall we, by indifference and inconsideration, imperil these privileges of work so graciously granted us, and so neglect to contribute our part toward the Christianization of one of the brightest and most influential of Asiatic empires, and of reaping for our own denominational life a rich harvest of reflex spiritual influences? As a branch of the Church working in this land, our opportunities, with their commensurate obligations, are thickening upon us. The openings for vaster work may be one of those gracious rewards which God bestows upon his people for work already done. He sets before us these open doors to induce in us a corresponding breadth of view and enlarged liberality of heart. But we can not forget that, "As for action the present moment is eternity."

Political events have occurred during the past year which have a face toward religious movements. First among these is the proclamation of the Constitution, under which a Congress is to be elected for 1890. This proclamation was made on the 11th day of February. It was made the occasion of special worship in accordance with the rites and customs of the ancient system of Japanese heathenism. The emperor and all his court worshiped at the ancestral cenotaph, and high officials representing his Majesty were

sent to the National Shrines of Ise, the tomb of Jimmu Tenno, and to the tomb of the emperor's father in Kyoto.

There is in the Constitution provision for religious toleration. It is not a clear-cut statement of freedom of religious speech and conscience, but states that, "Among our people and subjects freedom of belief shall exist only so far as it is not disturbing to the peace or order of society."

The new Constitution prohibits the admission to Parliament of the priests of the Buddhist and Shinto faiths and of the "Teachers of Religion," which is the name by which Christian pastors are usually designated. There is in this prohibition a negative recognition of Christianity as an existing faith, its footing being that of other faiths in the eye of the law. With Christianity tolerated by constitutional enactments, the broad field is open for the lovers of a true faith to carry on their work of propagandism. That which has most moved Japanese political circles during the past year has been the subject of treaty revision. The present treaties, made by eighteen Western powers, are all based upon that made with Japan in 1857, by Townsend Harris, which, with the interpretation given to certain clauses in it by Lord Elgin, the English ambassador, robs Japan of her national autonomy in the matter of imposts and legal jurisdiction over foreigners residing in her territory.

As the results of this state of things foreigners are permitted to live only in allotted ground in certain open ports. They are not allowed to travel in the interior except upon passports granted by the central government on the ground either of health or science. It was hoped that the treaties would be revised, and that our Christian nations would deal with this Eastern nation in accordance with the Christian principles of righteousness and justice. An equitable revision would be a great gain to the cause of Christ. But even as matters now stand there is no opposition to the most earnest efforts to spread the gospel. The hope is still entertained that treaty revision is in the way of being realized in the not distant future. On the basis of this hope other Missions are sending in their calls for an addition to their working force. One Mission asks for an instant addition of thirty-five families, with an encouraging prospect of receiving them. Of course, God will give the land to the Church and Missions that respond to his calls to duty. Should the treaties be revised, the whole wide field would be completely opened, and the failure to possess the land would lie with the Church, and not with either God or the heathen, who would thereby have removed all national obstacles to working "let or hindrance." But even should the treaties not be revised this year, the field is wide enough to justify our Church, in common with all others, to devise greater things to meet present obligations.

Not alone does the present increased openness of the country call for enlarged efforts in the endeavor to evangelize it, but, also, the fact that there comes, as usual with this state of things, increasing zeal upon the part of the opponents of Christianity, to retain their following, and to oppose the farther spread of the religion of Christ. The Buddhists are laboring to effect a revival of their ancient faith. Col. Olnott, more notorious than noted, was called from India the past year to aid in this work. Outside of that intelligent class of Japanese who knew something from hearsay of his connection with Madame Blavatsky, he has probably had some influence. This famous theosophist lauded Buddhism for its lofty morality, sublime charity, and benign unselfishness. He proclaimed Christianity to be a waning faith, full of selfishness, and the source of endless Western vices and overreaching proclivities. Throughout the country they are establishing good preparatory schools, teaching music, and employing foreigners to teach English. They have a college and a good theological school in Kyoto, and are sending their missionaries to foreign countries. Their school in Kyoto is expected to assume university proportions at no distant day. They even go so far as to propose to make themselves felt in politics, and of using their power to secure the election to their new Congress of men favorable to their religion. A number of new and very costly temples are being built by them in the influential centers of the country. The Shintoists, also, show signs of awakening and rallying their followers

on the score of patriotism. The Court is Shintoists, and does not fail to pay its devotions in accordance with the Shinto ritual and teachings. These latter religionists talk of organizing their forces for political effect, and have established a magazine, edited by an ex-theological student of some natural and acquired abilities. The avowed object of the society of which this magazine is the exponent is the preservation of the National Spirit. Many high officials are members of this Society, and it is understood that the emperor himself is in sympathy with it. Of course, Christianity is set for the preservation of all that is best in any national life, and must be cast into the mold of the peculiar characteristics of each nation, and thus obtain its diversified national types. Its point of contact with this revived interest in old Shintoism lies in the fact that Christianity alone can take hold upon the national life, preserve what is best, eliminate what is worst, and give the nation a newer and better character. While the leaders of the people are thus reviving their zeal for ancient heathenism, the thoughtless classes give themselves up renewedly to their superstitions and to vices upon which they pray the blessing of their gods—vices which have done and are doing much to sap the purity of the nation, and to encompass the destruction of a pure family life.

Western infidelity clothed in the garments of benevolent science also allies itself to the opposition to Christian convertings and civilizing influences. The writings of some who are high in scientific circles have had great charms for some of the educated classes. But it is not from such men that Christianity has most to excite its apprehensions, for they, taking their knowledge at second hand in regard thereto, really know but little about it. What we have most to fear is a deluge of the land with that grossest Western materialism which manifests itself in immorality and vice. The importation of foreign beers and liquors is becoming immense. At every railroad station and steamer landing, in every hotel and club-room, on almost every street and in every alley, the sales of foreign liquor are carried on. The money to be coined out of the appetites of their fellows is so great that it stimulates the inventive genius of this quick-witted people in the same direction of degradation. The result is that many breweries are springing up all through the country, some of which display fac-simile testimonials of reward received from the committees of award at the international exhibition in New Orleans, Paris, France, and other such institutions in various Christian countries. The outcome can be but "evil and evil only, and that continually." The sale of Bibles may be great, reaching the thousands, but the sale of beer bottles will reach its millions.

There is still another influence springing up in the land which is hard to classify. Within the last three years the German rationalists and the American Unitarians have sent missionaries to this country. The chief work of the former seems to be amongst those who are already Christians. They make use principally of literature to accomplish their object in undermining the faith of believers. The Unitarians, although the smallest of the body of Christians in America, have already five men in the field. Their line of work seems to be almost wholly through educational institutions. The University established by one of the greatest educators of Japan, Mr. Fukuza-wa, will have four or five of their number in its faculty. Their influence will of course be far-reaching. The Unitarians in America are entering upon their work with a zeal worthy of imitation. The meetings of the body sustaining them lead to the belief that they will be promptly re-enforced as the work may demand.

While this is recorded there is also the encouraging fact that there is a continued awakening of various evangelical churches in America to the importance of mission work here. The Southern Baptists, though just entering the field, have already sent several excellent men to inaugurate their work.

The M. E. Church, South, has sent about twenty missionaries in the last three years. All the other Missions have been greatly increased in numbers through the past year.

With so many Boards and Churches awake to the interests of the work we may safely augur that God's cause here will be carried on. We may now

almost rank ourselves as amongst the older missions laboring in this country. Our work began over thirteen years ago, and since that time thirteen other societies have entered the field. During the first eight years of the work the great mistake was made of sending us no additional workers upon the part of the ministry. In the last five years two other ordained ministers have been sent to the work; thus averaging one for every three and one half years of our Mission existence.

During the past year, owing to the enterprise of the good women of the Church and their Board, we have received two additions to the Woman's work—Misses May and Agnes Morgan. Since the woman's work was inaugurated they have sent to our Mission an average of one annually. This is much nearer what the requirements of the work demand. Although there are several in the Mission who give evidence that they need rest for physical recuperation, yet owing to the kindness of a good Providence they have been able to continue their work during the year. How much longer they can hold out in this line, with the responsibilities of the work and its opportunities constantly multiplying, and without other missionaries to take up the increasing labors it is impossible to say. We can not bring ourselves to believe that a great Church numbering nearly 200,000 communicants will allow the Mission to carry much longer such an uneven burden, and one that threatens the very existence of our mission work itself.

One of the problems which has, as usual, faced the Mission during the past year has been that of the educational work for boys. Former efforts in this direction have had to be largely neglected on account of the meagerness of our force. We have had to rely much upon other Churches to do this work for us. We have availed ourselves of the Doshisha, at Kyoto, for this purpose. Our young candidates for the ministry have been pursuing their preparatory and theological work there. But that institution is outside of our present field of labor, so that the students necessarily miss much of that sympathy of Church life which comes from the immediate contact of the Churches with their rising ministry. As that institution is under the control of the Congregationalists, and most properly so, we can not of course rely upon it to furnish that class of young men from whom our future ministry should come. They can educate for us young men whose conversion has already taken place in our own Churches, and feel the attachment so strong and enduring that arises from the sentiment of spiritual motherhood. Of course, there is no disposition upon the part of those in charge of the school to alienate young men from other Churches who may be receiving their education there. There is also a strong attachment upon the part of our own Churches to that institution. This is shown in the fact that they have contributed as well as most of the Congregational Churches in this country toward its endowment, with the hope that they are thereby aiding in building up a genuine Christian University. This is creditable both to their heads and hearts. But still the fact remains as already stated. We should have had long ere this a good preparatory school and theological training school. The other denominations working in this country have not been slow to perceive the importance of this work. The Presbyterian Church has its college and theological seminary in Tokyo, another one in Nagasaki. They have also a good boys' school at Kanazawa. The M. E. Church, and the Evangelical Association of North America, have each of them similar colleges and seminaries. The M. E. Church, South, begins its work with an appropriation of fifteen thousand dollars invested in buildings and endowments in their Kyoto University; one man alone in Connecticut contributing one hundred thousand dollars for a science hall. The enemies of Christianity are not slow to recognize the value of educational institutions to carry out their aims. The Monto sect of Buddhists have been quite active in the matter and have until the present been the principal sect engaging in such work. Now, however, other sects of that faith are beginning to organize their educational system. They propose to duplicate their government school system, having schools equivalent to the government middle schools (colleges), and also a system of primary schools. Encouraged by modern Western works of authors that there is a large segment of Buddhistic teachings that are in full harmony with Western science, and with men in their schools who have

studied in the universities of Germany the teachings concerning Christianity from the infidel stand-point, they are prepared to enter the educational field against Christianity. The Mission feels impressed that the time has come when something must be done in order to achieve the establishment of a first-class Christian educational institution for boys. There are several reasons for this impression: (1) It should be remembered that the Japanese are an enlightened nation. They have a system of public schools unsurpassed by any nation on earth. There is less illiteracy in Japan in proportion to the number of inhabitants than there is in the United States. In all the various Churches in Japan there are well educated young men who are well conversant with the history of American Churches. However false and unjust it may be to stigmatize the Cumberland Presbyterian Church as being one that is indifferent to educational matters, yet these young men frequently run across such statements. It is alone by our good work in such a line that we can hope to stop the mouths of gainsayers. (2) It is by such means that we can hope to carry out the full aim of mission work. Christ's commission was given not simply to the apostles, but to the Church as a whole. It includes not alone the mere heralding of the good news, but also every means which may either proximately or ultimately bear upon that end. "These means are both numerous and various." Some are more important and some less. Some produce immediate and some remote results. Some act alone, some are effective only in combination. "But any or all of them tend to carry out the great commission and are to be faithfully used. The commission of our Lord is broadly comprehensive, and means not simply that the Church is to seek to make merely great numbers of individual disciples. It means more than that, it looks even to the disciplining of nations. The whole national life must be infiltrated with the high morality and saving influences of the gospel. It means the utter overthrow of heathenism, and the complete destruction of national evils. It means the weaving into society, through and through, Christian ideas." It means the rich as well as the poor, the learned as well as the ignorant. In a word, to give the world all the blessings which Christianity has to bestow. In order to secure this end, not alone numbers, but also quality and efficiency in securing the conversion of others is essential. Christ has forever placed high estimate upon educational work in missions in the conversion of Paul. (3) It is true that Christ and his disciples founded no such institutions. Neither did they organize Sunday-schools such as we have them in these days, nor theological schools splendidly equipped and endowed. They simply did the best they could with the means at their hand. And that is all that God requires of us, and that much he does require. (4) We need this educational work to aid in providing an intelligent, effective, reliable ministry. (5) We need such institutions to provide Christian educators. (6) We need educational institutions of such a nature to carry on the work of Bible translations and important Christian literary work generally. (7) We need it as a means of gaining access to the more educated circles of Japan. (8) We need it also for the sake of furnishing an educated and intelligent laity. With such a laity and ministry, with God's blessing, the Church will be well buttressed against the attacks of an educated skepticism. It will also have within it a better safeguard from the encroachments of superstition.

One of the great difficulties in the way of the establishment of such a school in the past has been the want of a sufficient force of missionaries. We have not had the men to spare for that work. In this country of such well-equipped government schools it requires a good teaching force, of a high order of talent, both native and foreign. God, in his good providence and by the guidance of his Spirit, having brought about a union of our Church and that of the United Church of Christ in Japan, we have now such a combination of forces as to make the inauguration of such an institution feasible. At a joint meeting of the two Presbyterian Missions now working in Osaka—the Presbyterian Church, North, together with a representative of the Presbyterian Church, South, and the Cumberland Presbyterian Mission—it was resolved to take steps looking to the establishment of a first-class educational institution, with a full literary course and a theological course in the vernacular. The development of this work was put into the

hands of a committee of two members of the Presbyterian Church, North, and two of the Cumberland Presbyterian Church, both Missions located in Osaka, and one member from the Presbyterian Church, South, located in a neighboring province. The institution is to be located in the city of Osaka. The importance of this location can be seen at a glance on any good map of Japan. In its favor are several considerations: (1) The size of the place itself. There is here a population, actual and floating, of some six hundred thousand. (2) It is the great business center of Japan. (3) There is now no first-class Christian college here. (4) It is immediately contiguous to our work. It is where we now have our greatest number of missionaries. Young men educated here will be more apt to come back to us, or rather stay with us, than when educated at other centers, even though their education may be attained in schools of the same (United) Church. (5) The government college formerly located in Osaka was recently removed to Kyoto, and there is now no college in this place, either Christian or governmental. (6) Land in the city in healthy locations can be had comparatively cheap.

It was also decided to open the work, if possible, not later than next September. The financial proportion of the work which our Board are requested to ask the Church to furnish is \$5,000; \$3,500 of this is for the school property proper, and \$1,500 for residence for the missionary engaged in that work. Inasmuch as this amount is but a just and equitable apportionment, you are earnestly requested to assume it, and so increase our facilities for the establishment of the kingdom of our Lord.

At a meeting of the Synod of the United Church of Christ in Japan, held in the city of Tokyo in May, 1889, a committee of five, three native brethren and two foreign missionaries, were appointed to confer with the Japanese Cumberland Presbyterian Church on the subject of Church union. The United Church (Nipponichi Kyokwai) is composed of the American Presbyterian Church, North, the Presbyterian Church, South, German Reformed, Dutch Reformed, and the United Presbyterian Church of Scotland. They offered as a basis of union the Declaratory Act of the United Presbyterian Church of Scotland. Our Church appointed two native brethren and two missionaries as their Committee on Union, and after having voted Church by Church in favor of the proposed union, gave the committee full powers to arrange for its consummation. Inasmuch as our own General Assembly had already declared that the union upon such a basis would meet its approbation, the native Church assented all the more cordially thereto. The respective committees having met, it was arranged that the Churches in the province of Kil and in Osaka should be enrolled in the Naniwa Presbytery, and the Tokyo Church in the Tokyo Second Presbytery. The Churches will send their representatives to the spring meeting of their respective Presbyteries. The following is the Declaratory Act on the basis of which our union has been effected:

WHEREAS, The formula in which the Subordinate Standards of this Church are accepted requires assent to them as an exhibition of the sense in which the Scriptures are understood:

WHEREAS, These Standards, being of human composition, are necessarily imperfect, and the Church has already allowed exception to be taken to their teaching, or supposed teaching, on one important subject: and

WHEREAS, There are other subjects in regard to which it has been found desirable to set forth more fully and clearly the view which the Synod takes of the teaching of the Holy Scriptures: therefore the Synod hereby declares:

(1) That in regard to the doctrines of human redemption taught in the Standards, and in consistency therewith, the love of God to all mankind, his gift of his Son to be the propitiation for the sins of this whole world, and the free offer of salvation to men, without distinction, on the ground of Christ's perfect sacrifice, are matters which have been, and continue to be, regarded by this Church as vital in the system of gospel truth, and to which due prominence ought ever to be given:

(2) That the doctrine of the divine decrees, including the doctrine of election unto eternal life, is held in connection and harmony with the truth that God is not willing that any should perish, but that all should

come to repentance; and that he has provided salvation sufficient for all, adapted to all, and offered to all in the gospel: and also with the responsibility of every man for his dealing with the free and unrestrained offer of eternal life:

(3) That the doctrine of man's total depravity and of his loss of all ability or will to any spiritual good accompanying salvation is not held as implying such a condition of man's nature as would affect his responsibility under the law of God and the gospel of Christ; or that he does not experience the striving and restraining influences of the Spirit of God: or that he can not perform actions which do not spring from a renewed heart, are not spiritually good and holy—such as accompany salvation.

(4) That while none are saved except through the mediation of Christ, and by the grace of his Holy Spirit, who worketh when and where and how it pleaseth him; who, while the duty of sending the gospel to the heathen who are sunk in ignorance, sin, and misery, is clear and imperative: and while the outward and ordinary means of salvation for those capable of being outwardly called by the Lord are the ordinances of the gospel: in accepting the Standards it is not required to be held that any who die in infancy are lost, or that God may not extend his grace to any without the pale of ordinary means, as it may seem good in his sight: \*

(7) That in accordance with the practice hitherto observed in this Church, liberty of opinion is allowed on such points in the Standards, not entering into the substance of the faith, as the interpretation of the six days in the Mosaic account of creation, the Church guarding against the abuse of this liberty to the injury of the Church.

These are the articles of the Declaratory Act which relate to the doctrinal liberty we have in the United Church.

This union in no wise changes our work as a Mission. We simply thereby unite with the missionaries of the other six Presbyterian bodies and Boards in building up the one Church upon the basis of our common Presbyterianism. We feel sure that all who love our Lord supremely, and admire Presbyterianism as a polity with great possibilities, will rejoice with us that by his Spirit and the leadings of his providence, this union has been effected.

The missionaries of your Board have been located the past year in Wakayama, Nagoya, Yokaichi, and Osaka. Rev. and Mrs. Hudson have lived in Wakayama, but the permission to reside there having expired during the year, they can no longer hold their residence in that place, and must soon return to some open port.

In addition to the usual language study they have given themselves to the work in its various openings. There has been the usual work in Bible teaching, preaching, and endless private counselings with the native brethren. Mrs. Hudson, also, has devoted herself to women's meetings for Bible study and Christian work. Mrs. Drennan still resides in and continues her work at Nagoya. The little band of active Christians in that place now numbers thirty-two. It has a society of Christian Endeavor with a membership of twenty-nine. From the tuition of the girls' school and night classes they contributed some \$35 in opening of the work in the neighboring town of Yokaichi. They are also making regular Sunday contributions for the erection of a Church building. Nagoya is a place where the old prejudices against Christianity are still kept alive by a bigoted priesthood. Miss Renner, who has been working with Mrs. Drennan at Nagoya, was in view of the needs of the developing opportunities transferred to Yokaichi, province of Ise, on the 13th of June. Her labors have been confined principally to that place. The results have been quite encouraging and there is now the promise of a Church there with many elements of usefulness. Their contributions to missions have averaged more than one dollar per member. Miss Dunfield continued to render assistance in the Mission Girl's School in Osaka until the close of the last scholastic year in June. At the end of that time in response to an invitation from some of the native Christians, and at the request of the Mission she arranged to return to the interior work beginning with September. Her field covers the Churches in Wakayama, Hikata, and Naga. In speaking of all the interior places of work where we have mis-

sionaries, it will be necessary, in order to get an adequate idea of it to remember that the names of the smaller towns mean not simply one place of so many inhabitants, but clusters of scattered towns and villages to be visited. The above three names cover a wide territory and scores of villages. The woman's work in such fields is of various kinds and in divers locations. She is meeting with many encouraging results.

Mrs. Van Horn has been giving her strength to the Mission School, and with the exception of a few hours of daily language study she has given all her time to this work. Mr. Van Horn, in view of the demands of the school work, has given much time and assistance thereto. This was deemed necessary until the arrival of the Misses Morgan. He has aided the Young People's Christian Endeavor Society, taught various English classes, availed himself of various opportunities to preach, and aided in Sabbath-school instruction. Miss May Morgan since her arrival has taken the department of music in the Mission School. Miss Agnes Morgan has begun her work in English teaching in the same institution. Mrs. J. B. Hail has carried on the woman's work in the Osaka First Church. Mrs. A. D. Hail has had charge of the same work in the Second Church. Miss Leavitt has operated upon traveling passports farther interior, principally with the Churches of Shingu and Tanabe. Her vacation was spent in work with the Wakayama church. She was with them during the time of the flood at that place. Her time has been given largely to the development of the spiritual life of the Church membership. Being with the Churches at Shingu and Tanabe immediately after the floods from which they suffered so heavily, her work has been timely and under a conjunction of providences that will doubtless prove a ready soil for her labors. The other members of the Mission have been almost exclusively engaged in the more direct evangelistic work.

The Wilmina Girls' School, considering the manifest reaction against foreigners, has held on its way very encouragingly. There has been an enrollment for the year of 103 pupils in all departments. There has been an average attendance of sixty-seven. The number of boarding scholars enrolled, thirty-four; average number of boarders, twenty-four. Eighteen of the boarding pupils are professing Christians, six having been converted during the year. Of those entering the past year only two were not Christians. This fact under all the circumstances shows an awakening interest upon the part of the Christians in the work of Christian education for women. It may also indicate that more and more our constituency must be the rising Church. An effort is being made to gather together a library, school furniture, and apparatus. Some few contributions toward this end have been made which encourage us to hope that further efforts will be made in this line. A girls' school in this country needs just the same kind of appliances as those in American institutions of a similar grade.

This year adds two new Churches to our roll, one at Nagoya, and one at Tokyo. There is also a band of Christians at Yokaiichi which will soon be ready for recognition as a Church. The Mission Board of the native Church have maintained two young men in the theological schools and one traveling evangelist. The former spend their vacation in mission work and so receive their maintenance in school and during vacations as their compensation. The Wakayama Church lost its church house a year ago by a heavy typhoon. It suffered also from the floods of the past year, but is nevertheless setting bravely to work to rebuild. This great loss together with the washing out of the crops in the adjoining valleys by the waters, and the consequent derangement of business will make this a heavy burden to carry. Mr. Yamada, of the Nagoya Church, made a proposition to the Mission in regard to the boys' school in the city of Nagoya. His agreement forwarded through Mrs. Drennan was, that he would for the consideration of thirty yen per month and the necessary force for English teaching, supply the needed Japanese teachers, apparatus, and buildings. The importance of Nagoya as a great mission center induced the Mission to accept the proposition subject to the approval of the Board. It was further agreed, upon the part of Mr. Yamada, that the half of the tuition received would be set down to the credit of the Mission.

Mrs. Drennan, already located in Nagoya, was the only missionary imme-

diately available for this work. With the proper English teaching force, it was confidently believed that the work would soon be in such a condition as to relieve the Board of any further expense for its maintenance. A further advantage of such a school is that it would furnish an honorable way for a missionary to reside in the interior. A foreigner can not reside in the interior of Japan without being in the employ of the government or of some native. A missionary in the school of Mr. Yamada would thus not only be availing himself of an agency valuable in itself as a Christian arrangement, but a legal way of interior residence for evangelistic work.

We want again to call your attention to the great need we have for additional missionaries. But for the union already spoken of it would have been necessary this year to have asked the Church for not less than six ordained ministers. Our union, however, makes it possible for us to ask for only half that number. The council of foreign missionaries of the United Church heartily approve of the application of the Cumberland Presbyterian Mission for three young men for the evangelistic work. There are various reasons for this request. (1) As already intimated in this as well as in other Annual Reports, the law of averages in regard to the length of time missionaries can sustain uninterrupted years of labor without needed rest and recuperation, is such as to make it uncertain how much longer our present numbers can be retained in the field. The number of new men asked for would not much more than meet the emergencies liable to arise at any time on account of this fact, especially when it is remembered that fully three years will be necessary for language study before they (new missionaries) could hope to make a very intelligent beginning in the work. (2) Considering the number of our Church membership in America, and the fewness of our foreign missions and our health, we have a less number of missionaries in Japan than any other Presbyterian body. It seems to be a necessity in order to do our part of the work of the United Church. (3) We need this addition in order to retain the confidence of our native Church in the ability of our American Church to carry out the work already inaugurated in this country. We must retain the confidence of the native Christians in order to secure the end for which we came to this land, and it is important to avoid any thing which would shake it in the least. (4) Another reason to be found is the utter inadequacy of our present force to meet the openings of the field which seems to be assigned to us by Providence and the consent of the other Missions. In this district we have three large cities, any one of which would be sufficiently large to justify the entire time of two or more missionaries. In the province of Kii is Wakayama, with a registered population of 54,868, and a floating population in addition, which can not on the whole be much less than 70,000. In the province of Owariat, at the head of the peninsulas, Nagoya, with a population of 132,492 exclusive of the unregistered population. In Osaka, the other head of the peninsula, is a population in all over 600,000 souls. But such a statement of the populations of our field, great as they are, is wholly inadequate unless it be also remembered that these cities are simply so many centers. They are central to their own provinces and prefectures. Taking the matter by counties we have in the country in which Wakayama is located 654,554 of a registered citizenship. In the county of which Nagoya is the county town is a population of over 195,000, while Osaka runs up to nearly one million. This leaves out of the count the Province of Ise, of which Yokaiichi, where Miss Reznor has been working, is an important town. In this province are 671,734 inhabitants. But taking the number of inhabitants by States and combinations of provinces, or counties under a governor, we get a still more impressive idea of the needs of the work. In this way of reckoning, Osaka is the chief city in a population of 2,501,295—Wakayama the chief city in Mie with a citizenship of 901,698—Nagoya the principal town in Aichi Ken, with its 1,429,486 souls. The valley in which Osaka is located contains all in all one sixth of the population of this empire of 40,000,000 people. As we think of these Christless millions in this field to which God has directed us, a field ripe and ready for the harvesters, and the reapers so few, who can do otherwise than pray the Lord, who ripens all, that he would thrust forth more laborers into his harvest? In view of our needs, and

the numbers graduated from our colleges and theological school who take a deep interest in the work, is it not evident that the Church is holding back from our Lord the dew of his young men?

The past year has witnessed the advent, with zeal only exceeded by their method, of the Y. M. C. A. of the American College into this field as auxiliary to the other bodies now working here. Mr. Wishard traveling in this interest in foreign lands had a very successful campaign in Japan organizing Y. M. C. A. Societies in various government institutions, as well as in the Christian schools. Gracious revivals of religion were an incident of the work. Mr. Swift, of Tokyo, is the agent of this work resident in Japan. He has many valuable coadjutors in the Christian young men from America teaching in various government schools.

Our thanks are due to the timely and efficient co-operation of Rev. H. C. Loomis as agent of the American Bible Society, and also of the American Tract Society. These agencies are of inestimable value to the work. They deserve a warm sympathy and interest in your prayers and co-operation.

We earnestly recommend for the present year, as usual, that you request the continuance of the day of prayer for Foreign Missions. We need such prayer as missionaries under the present circumstances in Japan. We need it on account of our own inherent weakness; the greatness of all the powers against which we must work, and that we may be wise in adjusting ourselves to the circumstances which grow naturally out of inadequate co-operation upon the part of the Church at home. Special prayer is a seed that God would raise up an earnest corps of native pastors and evangelists. Also that thanksgiving be made to God for the success given, for the openings which he has made for us, and for the union of our common Presbyterianism in our one common work of evangelizing this nation.

We recommend also the usual contingent fund. This fund is to provide (1) for unforeseen emergencies that may arise; (2) for the expenses of the evangelistic work, our proportion as a Mission to the various incidental expenses of our United Church, and other usual contingencies.

We also ask for the usual appropriations for the Girls' School, and the means necessary to inaugurate the Boys' Training School.

We earnestly call for three young men for the evangelistic work. They are needed, at the latest, by the ensuing fall; one could be profitably located at Nagoya, and two at Wakayama.

A. D. HAIL,

Japan Mission, Osaka, Japan, January 28, 1890.

Corresponding Secretary.

Your Board heartily commend the zeal and enterprise of your missionaries in Japan, and recommend indorsement of the union effected, and ask your favorable consideration of the proposed co-operation in educational work, the appropriation of funds needed therefor, and that the Mission be reinforced just as soon as adapted workers shall tender their services.

#### MISSIONS IN MEXICO.

The work in Mexico, considering the peculiarities of the field, and the small force employed, has progressed very satisfactorily.

As will be seen from the herewith appended reports from our missionaries, it has been more a year of seed-sowing than of reaping, and there is reason for sanguine expectations that a good harvest will be the result.

Mexico is a highly important field for our Church, and strong reinforcements of laborers and means should be sent to it. "Pray ye, therefore, the Lord of the harvest," that it may be impressed on the minds of men and women to go or send to help rescue this, our neighbor, from religious delusion, and lift upward to a pure faith in Christ Jesus.

*Aguascalientes.*—Your missionary for this place, in addition to the regular work, has had the oversight of the building of the new chapel during the last year, which has drawn very largely upon his time. Five members have been received and baptized, and one infant. The Church now has a membership of ten adults. Collections, \$17.00, American money.

Our chapel is nearing completion, and we expect Dr. Bell to dedicate it in June. We thank God and the Church for this building, and expect greater

returns for the money expended in its construction than from any other investment made by the Mission. Every indication is that the interest in the work will greatly increase after we shall have occupied our own building. Since the last report a printing-press, the gift of Children's Bands, has been received and put to work. Besides tract and strictly local work, we expect to begin the publication of a small paper, which we hope will be one of the most practical means of propagating the gospel.

The school was discontinued in September last, because it was thought best to send our teacher to San Pedro of the Guanajuato Mission, a wider field being apparently opened to us there, and as yet we have no suitable person to fill his place here.

*Asientos.*—We have continued visiting this place during the year, and, notwithstanding the very obstinate opposition, the labor has not been without fruit. None have been baptized, but several have asked for baptism. A chapel for regular preaching services has not been opened, as we do not consider the town ripe for that yet. We have also visited Rincon de Romos, but as yet there are few indications of good accomplished. No new work has been opened during the year, owing to the close confinement of your missionary to the central station, overlooking the work on the chapel. We hope to greatly enlarge our evangelical efforts during this year.

*Needs.*—We should be re-inforced by at least one missionary this year, and provision made for a chapel in Guanajuato.

*Guanajuato.*—The following report of our first year's work in Guanajuato is herein submitted:

The work in the city has been very much like usual city mission work in many respects. The fact that a flourishing congregation of more than a hundred members of another denomination already exists, worshiping in commodious quarters owned by their Board, makes it somewhat against us to have to worship in the largest room of our little home. This with other unavoidable causes has made our attendance small.

We have held regularly two preaching services each Sabbath, Sunday-school and midweek prayer-meeting. I also have a class of eight young men studying English. Not wishing to build upon the foundation of another, effort have been directed outside of the other congregation as far as possible.

No organization has been attempted nor persons baptized, because to my mind the demoralized condition of fallen humanity in Mexico, demands that "fruits meet for repentance" shall first be of a very decided character. It is our intention to organize as soon as proper material is available, and the Spirit may direct.

#### THE SCHOOLS.

The first of October last we opened the Boys' School in San Pedro, a mining village some eight miles distant. There were one hundred and twenty names enrolled before vacation, the middle of November. It was re-opened the first of January, and now has a daily attendance of eighty, with one hundred and four on roll. A Girls' School was also started which has forty-two enrolled, and a daily attendance of thirty-five. With the aid of the teacher of the Boys' School, we hold two services and a Sunday-school each week. There are three or four families who seem much interested, and some have requested baptism.

*La Luz.*—We began holding regular services once a week in this place which is some two and a half miles beyond San Pedro, and considerably larger. The doors and windows are always crowded with curious listeners, but few have the moral courage to enter and join the worship.

There are about a half dozen souls who seem really interested.

For these small beginnings, for the first year, we thank God, take new courage, and press on.

A. H. WHATLEY.  
F. P. LAWYER."

#### INDIAN MISSIONS.

The Cherokee Council has again declined to recognize the right of our Church to occupy the land upon which Hogan Institute stands. The use

of the property, however is secured through the individual claim of a native—a brother in the Church and devoted friend, between whom and Rev. N. J. Crawford, the energetic Superintendent of the work, a contract accordingly has existed from the founding of the Institute. In addition to its other good work, the Woman's Board continues to support Mrs. Phelps, the efficient Principal of the School.

Rev. J. H. Dickerson, Superintendent in the Chickasaw and the Choctaw district, after years of service, has resigned, and he leaves the field highly esteemed for his self-sacrificing devotion to his duties. The vacancy will be filled as soon as practicable. The Board will not forego just here emphatically expressing its solemn conviction that workers and means should be supplied for reinforcing our toiling missionaries among these civilized tribes, and moreover that a helping hand should be extended to the two hundred thousand wild Indians who have scarcely heard whether there be a Savior.

#### ALASKA.

Correspondence is pending with the Commission of Education with encouraging prospects of securing the appointment of one of our young preachers as a teacher in Alaska on salary to be paid by the government. The appointment may lead to the opening of a Cumberland Presbyterian Mission. Your Board express their appreciation of the generous spirit shown by Dr. Sheldon Jackson, the Educational Agent for Alaska, in his efforts to open the way for our Church to take part in working that important field.

#### BOWLING GREEN (KY.) COLORED SCHOOL.

No report from the Principal has come to hand. The President of your Board visited and lectured to the school during the last winter and conferred with a majority of the Directors.

The school itself and its conduct have not materially changed since last Assembly. The proposed improvements have not been made. A portion of the funds subscribed has been paid, but it was thought best to await the action of the General Assembly in regard to the school and its interests before attempting to build.

The institution is neither what it should be, nor what it can become, if duly fostered by its friends, white and colored.

The statesman may discuss the question, What shall be done with the seven millions of Africo-Americans: the Christian must consider what shall be done for them. The State secures the privilege of a common school education; the Church (white)—with the co-operation of the Church (colored), can vouchsafe to them a Christian education and the training of their spiritual advisers.

Titles to property in Pueblo and Cherryvale remain in the Board, and there is no change of purpose to renew operations at each place when more favorable conditions shall justify the expenditure of missionary money. Evangelist Rev. P. McCluny having withdrawn from Southwestern Kansas, Dermot and adjacent points served by him are left to be supplied at the pleasure of local organizations.

Rev. R. L. Vannice, appointed in September missionary evangelist for Iowa, served for a time with marked efficiency. Although indications were very flattering that his mission would greatly promote the cause in that State, he, with the approbation of the Synodical Committee and the Board, accepted a call to the Waukon Church.

With special pleasure it is herein recorded that the Woman's Board, with usual zeal and patient toil, has, as hitherto, sustained a most valuable auxiliary relation to your Board, and has during the year reinforced the Japan Mission with two more lady missionaries, the Misses May and Agnes Morgan.

Rev. Dr. W. H. Black having resigned as member and auditor of the Board, the vacancies have been filled by the election of Mr. J. L. Secor.

Your attention is called to the accompanying Financial Exhibit prepared by the Corresponding Secretary.

## WOMAN'S BOARD OF FOREIGN MISSIONS.

## REVIEW OF THE HOME DEPARTMENT.

"Hitherto hath the Lord helped us." It is always a thoughtful time when we close the record of the year. What good has been done, or victory won for the Master's cause? Have we used our talents as we determined to do at the beginning? There are many bright and some dark pictures to paint, successes to consider, hinderances, discouragements, and difficulties to surmount. We have had trials of faith and disappointment of hopes; but looking upward to Him from whom came our commission, with whom is all power, and looking forward to the fulfillment of the sure word of prophecy, we move onward, and with fervent gratitude to the Great Head of the Church for the manifold blessings of the past months, and a firm faith in his guidance and help in all future undertakings in his name, the Woman's Board of Foreign Missions presents to you on this happy May morning their

## TENTH REVIEW

of the Home Department. In a few days after returning from Lebanon, your Board convened in their room to plan for another twelve months' work, and to arrange for the carrying out of the suggestions contained in

the reports adopted during the ninth meeting. Looking backward and forward, we fully realized the importance of the work before us, knowing we had just stepped across the threshold of the last year of our first decade, and that greater effort should and must be put forth all along the line, if as workers we would keep pace with the demands of the cause we represent.

We have held twenty-four regular sessions and numerous called and committee meetings, which represent work in many instances that could not be stated by figures. The lives of all our missionaries have been spared, but death has been busy among the home-workers, and many of our fellow-laborers have fallen. Affliction—death—has visited the home of our President and taken her companion, the husband upon whom she leaned so heavily, and to-day, as she stands before us in widowhood, we extend our sympathies and prayers, committing her to the care of One who is able above all others to care for her. "In my Father's house are many mansions" prepared for those found faithful.

The crowning event of the year was the sailing of Misses May and Agnes Morgan, of Watson, Mo. (whose consecration to their chosen work many witnessed one year ago), for Osaka, Japan, late in the fall of 1889. Have we not cause for devout thankfulness to God, who has signally blessed our representatives abroad, and enabled them to execute whatever they have planned?

Leaving for a time the society of nine, we would look in for a few moments upon our

#### AUXILIARIES AND BANDS,

to whom we must turn for the material to carry on the work, as no Board can report favorably unless the societies are standing, like ancient Gideon's band, each one in its place.

The new Auxiliaries organized during the past year represent much earnest effort, as they have been formed, in most instances, in weak congregations. In this there is cause for thanksgiving, as we believe these societies, like the denomination they represent, were born of prayer, and will live by the grace given unto them according to their faith. While great numbers are earnest and faithful, still many Auxiliaries faint by the way, remaining in that condition until death, from natural causes, comes, which is, no doubt, a relief in many instances to the members; while others are found by some good Samaritan, who pours oil and wine on the wounds, and persuades some godly woman to care for them until they are able to care for themselves, promising if any thing is needed she will lend a hand. What shall we do just now with a number of such Auxiliaries? Who will nurse them? The Board can not, except at considerable expense, which they are anxious to avoid.

The Children's Band is the hope of the future Auxiliary, and it is indeed a sad sight to see the children of the Church carelessly neglected. We have placed great stress on this branch of the tree, but we are sorry to state that this department is not in the prosperous condition we would like it to be, although the committee in charge has been untiring in her efforts to place "Children's Work" upon a better and surer footing. It is the duty of the mother to lead the child until it can walk alone, so it is the duty of the Auxiliary to lead the Band. Dear women, are you giving the attention you ought to give to these lambs of the fold, seeing that their little societies are kept up in an interesting manner? Numbers have given up entirely, and others are at a stand-still, because ladies can not or do not give them the attention they must have if they make advancement.

That special encouragement and help may be given to *young people's* work in the future, we state that the committee having this in charge would be happy to hear from all the Bands, and will gladly receive and offer suggestions or reply to any questions.

One lady writes, "We can *start* societies, but keeping them up is the question." Let it be remembered that, while the responsibility in one sense rests upon the individual member, still the officers should feel a double responsibility, for to them members look for leadership. It seems useless to indicate that watchfulness and perseverance are essential elements all

along the line, but particularly among officers and committees. Seven times has she who stands before you read this statement in your hearing: "Let each meeting have its carefully arranged programme, varied as much as possible." Make the exercises interesting in every particular, and then make an effort to secure the presence of those who try to write "disinterested" across their hearts. Invite the young ladies to attend; even if they have separate organizations, they always add brightness. The holding of thank-offering and praise services has increased interest and stimulated liberality. Who among us has not cause each year for *special* thanksgiving, for *special* mercies?

Every effort has been put forth during the year on the part of officers that this might be the crowning year in every particular; but while great advancement has been made in some respects, there has been quite a falling off in receipts, which will bring disappointment to many hearts. Why all this? Are Auxiliaries watching and working, seeing that the fences are kept up? If such were the case, the offerings this year would show an increase when we consider the number of societies organized. Think of 175 societies giving nothing. Consider the result had each of the 175 remitted five dollars. Once more, we must warn societies not to allow any cause, however attractive or worthy, to tempt them to withdraw money from their regular pledges—not even though it be presented by some missionary. Give to all, but do not take from one to help another, or rather do the one and not leave the other undone. The

methods have changed but little, notwithstanding the desire of some to work and report by Presbyteries alone, thereby doing away with some of the machinery; but to us Synodical Vice-presidents have seemed a necessity, and we have been blessed by having this office in the various Synods filled by "chosen women," having hearts full of the Spirit of the Master and the cause they represent. The Presbyterian officers are in many instances women called of God, and are rendering most effectual service in their respective fields, doing a work that could scarcely be accomplished through other agencies. Would that each Presbytery had thoroughly equipped Presbyterian societies; for where such organizations are found, there will be noted increase in interest and gifts. We turn to the Presbyterian meeting for the key-note of the year's work. In viewing the field, we realize how few the number of workers compared with the membership of our Churches, and are impressed that much faithful work must yet be undertaken before all will feel an individual interest and responsibility in this cause. We find that we have 2,100 congregations throughout the Church in which nothing has ever been done for woman's work. The field is great, but the laborers few. With this statement before us, who can fail to see the necessity of pushing forward, as all about us are neglected opportunities, unused talents and indifference to the great work of evangelizing the world? Some victories have been won; let us pray for larger results.

#### OUR PERIODICALS.

the *Missionary Record* and *Banner*, have made a monthly visit to all whose names were found on the subscription lists, and in addition, great numbers have been distributed free. They tell their own story, and we think the majority have been pleased with the appearance and contents of each, and if every member of the 1,017 Auxiliaries had subscribed for these papers and solicited an extra subscription, we would have the pleasure this morning of reporting this department free from debt and on a self-sustaining basis.

What shall be done? Will we continue from year to year supporting these enterprises from the general fund, or will we lend a hand, endeavoring to place each beyond the reach of failure? The Board has fully determined to discontinue the children's paper unless the result of the present year's experiment is more encouraging than the past, or this meeting should order otherwise.

The subscription list of the *Missionary Record* now numbers about 3,000, and that of the *Missionary Banner* will be given in the report of that department. All acknowledge that we can not afford to do without these papers; but will all fully realize that in order to make them pay for themselves, we must have the assistance of the women and children in increasing their circulation?

## MISCELLANEOUS.

The young ladies of the Church have been earnestly requested to undertake the support of the Misses Morgan, but during the past year but little has been accomplished. We trust the coming months will show a better record, and that efforts will be made to enlist the young women in the home land in the support of those who have gone forth as their substitutes. We have made appropriations to the amount of \$1,700 over and above special offerings from societies for work in Mexico, which has been used for school purposes. The Board has been anxious to send a young lady to assist the missionaries in that field, but the willing ones are few. Mrs. S. S. Phelps has been at her post during the year laboring with the boys and girls of Hogan Institute, and her work has been blessed.

Missionary literature has been in demand, which surely is gratifying news, and thousands of leaflets have been issued, which we have reason to believe accomplished great and lasting good. The Annual Reports are read by many societies and individuals, still some do not care to place among their records that which will prove of lasting service to every Auxiliary. Uniform studies have been used by a greater number of societies the past twelve months than ever before, the result being that Auxiliaries have held fewer uninteresting meetings. The solicitors in country congregations, who carry with them the latest news from the work and workers, and leave these messages in the homes as they receive the offerings saved for the Master, are surely rendering faithful service.

Seventy-eight Auxiliaries have been organized during the year, nineteen of the number are Children's Bands, and four Young Ladies' Societies. Life members number 78, and Synodical Vice-presidents, 13; Presbyterial Secretaries, 77, and Presbyterial organizations reported about 50, but two or three of the number are not in the prosperous condition they should be, from the fact that in some instances the ladies elected to take the lead, have considered the "office" a compliment for past favors.

Total receipts for the year through the regular channels, \$10,068.20; special offering for Home Missions, \$254.46; making a total of \$10,322.66. While we regret the falling off in receipts of nearly three hundred dollars, we would state that no large offerings have been received. Let us consider most carefully, yea prayerfully, the responsibility which rests upon us as individuals and individual societies, fully realizing our relations to our Boards, and praying that wealth which belongs to God may be consecrated to his service.

## SUGGESTIONS.

We mark with gratitude the increasing consecration and spirituality in the women of the Cumberland Presbyterian Church, developed by this noble work in which they are engaged. This spirituality is daily increasing; we see it at the Mission Room, where the cares are rested more entirely upon our great burden Bearer, and where every thing by prayer is made known unto our dear heavenly Father; we see it in the faces of those we meet; we hear it in the requests for prayer that reach us. With what interest do we mark the higher tone in many of the letters we receive, where self is lost sight of and "Christ is becoming all in all." Does it pay to enter this service? If it does, then let us see that the meetings of the Auxiliaries and Bands be regularly held, and that in places where we have no Church organizations the women of our faith be gathered together in a Missionary Society, by so doing forming a nucleus for a future Church.

The Sabbath evening hour of prayer is a sacred time to those who call upon the Giver of all good for his blessings.

Let us look about us and see what *we* have done; are we thoroughly organized? Have we used our speech—the greatest power God has given

us—to convince, persuade, or interest others? Have we given as the Lord has prospered us; or whatever we could spare after all our wants were supplied? He from whom we receive every thing surely ought to be acknowledged first. Has our influence been in favor of the monthly meetings? Each woman and child is a part of the grand whole, and without their help we would have no Auxiliary and Band, no Presbyterial Society, no Board.

Remember *always* that promptness in sending reports and remitting funds is necessary. Are you surprised to hear that twice during the year we have been compelled to borrow money to assist in paying our missionaries, simply because the societies will not, in so many cases, remit until the last days in the year. Some one will say we have too much money in the treasury at the close of this year. Let us tell you that were it not for this amount, our missionaries could not be sustained during the summer. If every society would remit quarterly, your Board could then have means to meet emergencies, which come up, but under existing circumstances worthy enterprises must be refused, because we are not able to know whether pledges can be fulfilled. In order that your Board act wisely in meeting the demands or enlarging the work, quarterly remittance is necessary.

The division of the year will be noted in the *Missionary Record*, and Treasurers of Auxiliaries should remit to Presbyterial Treasurers the first days of the month closing the quarter, so that the Presbyterial Treasurer may make her report to the Board by the close of the quarter, and all should be careful to notice and report special objects. Leaders are needed—consecrated leaders, willing to give time to the Lord's work. "The King's Daughters," where are they?

Again we have reached the close of another year's service in the Master's vineyard, but still Christ bids us extend our vision, "Lift up your eyes and look on the fields: for they are white already to harvest." And "the field is the world." Not alone in our own beloved America, but wherever a human being is found, wherever an immortal soul is perishing for lack of the glad tidings of salvation, there should we labor. Yes, there is so much pressing close at hand, we often forget the infinite wider, larger fields which the Father calls upon us to enter now, remembering it is his work not ours. We must not lower our standard, if we would be true to our trust, so let us resolutely, yea hopefully, turn to the new year, to its possibilities and opportunities, and "forgetting the things that are behind, push forward," and with love and confidence, accept whatever is committed to us, believing that "He that hath begun a good work will perform it to the end."

Mrs. J. C. McCURKIN, *Cor. Sec.*

#### FOREIGN SECRETARY'S REPORT.

During the past year we have been anxiously watching and counting the ticks of Time's clock, until it would sound our ten times one—our first decade. It has struck and we have gathered at our tenth annual meeting to look backward at our yesterdays, to pass in review the childhood of our missionary work. It is but a short page of history these years since this Woman's Board was organized for Foreign Missions. It gives us a strange feeling to read the story since 1880; it has its chapters of the glories of lands entered and illuminated by the Gospel Light carried by our dear missionaries; it has its chapters of blurred, imperfect service by those of us who work at home to send this Light.

Japan, the eager-beckoning nation, stretching its hands pleadingly toward Western civilization and religion, touched the missionary chord of our Church saying, the King's business requires thy service and haste—and Japan was entered. Some of us can remember the first stirring appeal for female helpers that came from those who had entered the field under the Assembly's Board. This was the first stroke of the clock which led the Cumberland Presbyterian women into the nineteenth century crusade of woman's work for woman. Ten years' service—what has it brought? Not as much as the women could have done, but we feel a thrill of encouragement and new vigor urging us onward into our untried to-morrows.

As a full history of the intervening years is given in our Decennial Report, it would be a repetition of facts to give in detail that which has made each year precious to us; therefore we will recommend that all read and contrast for themselves our beginnings with our present in these reports.

The first bright precious feature that marks our tenth review is the consecration of two sister-lives for their future life work in Japan, which, many of us will recall, took place at our last May meeting in Lebanon, Tenn. They sailed on the "Oceanic," November 21, 1889, and after a pleasant, enjoyable voyage of sixteen days, reached Yokohama December 8, most heartily welcomed by eager, expectant co-workers. One on the field, in writing back to the Board after their arrival, says, "Thank the Church at home for such a gift to Japan as these two young ladies."

#### THE JAPAN MISSION.

The enrollment of its missionaries has now increased to fifteen members, and should we count the children it would make the score (20). Why not? for these dear boys and little Annie Hail and "Baby" Hudson are doing their part to cheer and help the older ones, and to lead and teach the native children the beautiful lessons of life that grow out of the example of noble Christian homes. We at home have been blessed by the news that has come to us of the stirring activity and usefulness of these children, also the lesson of sacrifice that is given the children in the life of Johnnie Hail, who separated from father and mother so far, and for so long, to pursue and execute his studies in this country, that he may with the "Old, old story," return well equipped to take up his Master's work, which has been so dear to his parents. Children of America, are you doing as much as these? Don't forget the earnest appeals that have been made to the old and the young again and again, "*Pray for us, pray for our children.*"

#### STATIONS

opened and work established by the missionaries are in the following eight: Osaka, Wakayama, Mitani, Hikati, Tanabe, Shingu, Nagoya, Tokyo, Yokaichi, the latter, a very promising station, opened the past year by Mrs. Drenman and Miss Reznier. From Osaka to the last-named port our lady missionaries are called, and by their passports are allowed to enter and work in whatever work is most needful. We see by the Mission's Report that "two new churches are added to the roll, one at Nagoya and one at Tokyo, and that the band of Christians at Yokaichi are earnestly working to be ready for recognition as a church." These new fields entered, new churches opened, are multiplying voices each year that rise heavenward with their record.

#### OSAKA, JAPAN.

Missionaries, 8.—Rev. A. D. Hail and wife, Rev. J. B. Hail and wife, the first missionaries of our Church, sent by the General Assembly's Board. Great honor to these who planted the first seeds out of which has grown our ten years' harvest, and who have ever been the stars of hope and welcome for our later missionaries. This place is now strengthened at this point by Rev. Mr. Van Horn and wife, and Misses May and Agnes Morgan, the Woman's Board sending the last three, who are each doing their part of the work in the school.

#### THE WILMINA GIRLS' SCHOOL

has undergone varied changes since its birth in 1883, but amid all it shines as one more beautiful lamp in the darkness for the youth of Japan.

Mrs. Van Horn has had charge of the school since last September, and some of this time held it alone. We are satisfied, though working under many difficulties, the school has made faithful progress. We see its progress through the words of another on the field, who says: "The school is being worked up to the highest order of excellence, Christian influence, and success; school and teacher gaining confidence of all, both pupils and patrons."

Number of school days, 196; number of pupils enrolled, 103; average

attendance, 60; number of boarding pupils, 24; number doing missionary work, 5; number baptized, 6; number that have become Christians, 6; number of Bible classes taught (weekly), 4; number of work classes (daily), 1.

Misses May and Agnes Morgan, since their arrival, have been busy in their allotted work in this school. Miss May has taken the teaching of music as her part, and Miss Agnes that of English. This, with other details of work, such as Bible class training, entertaining visitors (we would call inquirers), and the usual hours devoted to the study of the language, and add to this the many crowded duties of a missionary's life, these teachers realize what an earnest thing it is to work for the Lord, and how it lays claim to every variety of power that each one possesses.

#### WAKAYAMA.

Missionaries 3.—Rev. Geo. Hudson and wife, sent by Assembly Board, and Miss Bettie Duffield by the Woman's Board. We want to picture for our Church all the missionaries in their homes and work, but we would not rob the Assembly's Board of the honor and pleasure of reporting its own missionaries, therefore we refer our readers to the Mission's Report for these.

Miss Duffield was engaged in the Girls' School in Osaka, owing to changes, until the close of the school year in June. Shortly after its close, she returned to the interior at the earnest request of the Church, beginning her work there in September. This work may be divided into three classes, namely: Bible work, teaching, and visiting from house to house. Another class might be added, which is a very important one, that of entertaining visitors who come. Some of these visitors come to talk and be talked to about Christianity; some to see the foreigner and his house; some to cheer the stranger and show their kind feelings. These visits afford an opportunity to the missionary through tact and skill to interest these persons in the salvation of their souls and lead them to Christ, thus many are influenced into the fold. Miss Duffield's work is not confined to Wakayama, but to any of the towns, villages or churches in the same province, where with her helper, which she says is "a fine worker," she is meeting with gratifying results in His name. We quote from a letter that will give some idea of how God's work and workers are striving with the hearts of these people: "About the first of December there was a marked change in the Church here. The Christians began to arouse themselves, and the work brightened. In order to rebuild the church, which was blown down several years ago, and feeling their inability to meet the entire expenses of the building, they devised a method of their own, asking for help in this time of need. Responses have come from friends, both Japanese and foreign, which encouraged the Christians to say, 'With God's help we will rebuild,' and they are trying in various ways to get enough money for this purpose."

Again, "The week of prayer was one of great blessing spiritually. God gave us a direct answer to our prayers that an evangelist might be sent into this needy field. Only a few days and the evangelist arrived. The Lord indeed visited his people and left them a great blessing, for the spirit of inquiry is in the hearts of the people generally, and many are seeking to know God." What a good report from this field; an encouragement for all at home to *watch*, and *work*, and *pray*.

The saddest shadow that falls at all, fell across Miss Duffield's life and work last August—the death of her mother. The blow severe, the sacrifice dear, but with the strength of a brave heart, she renewed her vow of service, went forward in the strength of her Master, casting her sorrow at his feet.

#### TANABE AND SHINGU.

Miss Leavitt, in her last letter, says: "I am here in Tanabe, where I met with you in prayer, if not in bodily presence at your last annual meeting." After a quiet summer's rest in Wakayama, she returned in October to the above-named points, with her helper to take up life's experience in common with the distress and confusion caused by the floods of August and September.

I wish I might give you her experience during this time of trouble in these cities, but other items force me on. While the mighty power of God thus shown in nature had roused many hearts to the fear of him, she went to work, joining the gospel to practical Christian charity, and in the words of one of her friends who writes, says: "Miss Leavitt, with her helper, in a not very comfortable house of three rooms, a few cooking utensils, a cot for a bed, lives, works in His name, and is bright and happy." The boundary of her work lies not strictly to these two points, as she works here and there in the interior among the women of the churches, wherever her passport will take her. Her work is of the usual kind, the spiritual development of the people by the study of the Bible in morning and evening classes, the woman's class in the Sabbath-school, one English class and three weekly meetings at different mission points—two of these points being two and seven miles apart. Having mastered the language, her evangelistic work is widening year by year, thus making every particle of her being tell to the utmost for the Master, and making the wilderness and the solitary place glad by her presence with the word.

## NAGOYA.

Missionary, 1.—Mrs. Drennan, in October, 1888, removed with her helper to this city, a place of strong opposition, and began work with her skillful plans and earnest faith that the old prejudice to Christianity could be weakened and the people won for God. She began with three regular Sabbath services and a Thursday prayer-meeting; to these the fewest number came. Soon a request was sent to the government for permission to organize a woman's school; the permission was granted, and this work for women was begun on November 7, 1888, with *two* pupils. Nevertheless, there are no faint hearts in missionaries, so the work went on in English teaching—Bible classes for young men and women, inquiry and prayer-meetings for all, and other classes, until the work resulted in a little Church being organized on January 25, 1889, with ten members. In September, 1889, a very interesting girls' school was started; then in the following December a boys' school was opened. Of the results of these it is said, "Many of the young men are doing very helpful work, and two of the girls are working among the women." This work was begun and carried on without foreign or Mission money, and the work is now self-sustaining: Day schools, 2; number of pupils, 37; night school, 1; number of pupils, 27; average attendance at Sunday-school, 46; baptisms, 13; Y. P. C. E. Society, 1; enrolled, 20.

This Society was organized in April, 1889, and is named the "Manna Society." Mrs. Drennan, in speaking of it, says: "This Society, as the one in Osaka that I organized a few years ago, is a means of strength and growth to the young people of the Churches. Spirituality is the characteristic feature, and that to a remarkable degree." Missionary work seems to include a little of every thing and a good deal of some things—the "good deal" we must necessarily omit in our report for the sake of brevity, hence this is but an imperfect glance at the work here. According to the late Act of Union, the United Church of Christ, some changes have been made in the management of these schools; for this I bespeak a careful reading of the full preamble of said Act in the Report of the Mission.

Mrs. Drennan says of her work here, "I enjoy it more and more, though the path has not all been flowery; often the hand that plucks the burning brand has itself felt the pain." But we say, O the joy of such a life that proves, "I can do all things through Christ that strengtheneth me."

## YOKAICHI.

Missionary, 1.—Miss Rena Rezner. This station is about twenty miles from Nagoya. For years this has been a sealed city. Three years ago the Mission tried to open work here, but the people said, "No Christian shall live here," and made their native missionary leave. About the 7th of March, 1889, the president of the government school sent an urgent call to Mrs. Drennan to come down. About the first question on her arrival was

to explain to them about the Christian religion. The result of this one visit was a class of ten names signed for Bible study. She made weekly visits until a preaching place was opened and an earnest class of Bible students formed. Miss Reznier then took up the work in June, and finds it full of promise. Her work is principally English teaching. To show how eager these people are for Western education, and these anxious ones not the common people, but men of influence and station, I will speak from a letter: "In our school or English class we have the following business companies represented: custom-house, oil company, cotton factory, spinning company, steamship company, brick company, telegraph company, lawyers, police, a judge's son, a physician's daughter, and lastly *two* Buddhist priests—these are all heads of nearly all these departments of business."

A late proposition has come from a banker and other business men, that if the missionary would open a girls' school they would give liberal help. As there is no Christian school for girls in that province, and their proposition being so generous, the opening of a high grade of girls' school is looked to for the coming year, by the advice of the Educational Committee.

Report of the work here from June, 1889, to December 1889:

Number of school days, 126; number of pupils enrolled (males 49, females 17), 66; daily attendance, 48; remaining, 66; classes in school, 12; boarding pupil, 1; pupils doing missionary work, 7; number baptized, 4; number of Christians, 8; number of Bible classes, 2; number in Bible classes, 2; number of work classes, 1.

This enrollment includes men and boys, women and girls. We trust that the seeds of truth sown in the hearts of this people by Miss Reznier will spring up and bear fruit until "the desert shall blossom as the rose."

#### INDIAN TERRITORY.

Missionaries, 8.—Only one of these under the care of the Woman's Board, Mrs. S. S. Phelps.

We turn in our review from those looking westward to those in our home-land who are looking eastward—the Indian Nation. Here we are trying to settle our country's vexed question, Shall they be educated? The work here while difficult to manage, sometimes uncertain and laborious, still we take courage that new strength has been gained in the work and hope points "onward" in this unreckoned factor of Missions. Mrs. Phelps has still charge of the school, which she began alone this year, Miss Cobb, her former assistant, having gone to Philadelphia to further prosecute her studies. The work is of the same nature as done by other missionaries—school, Church, and personal work among the people. The following report of Hogan Institute is quite encouraging, considering the embarrassment by government schools and the lack of proper legal recognition: Number of pupils enrolled, 44; daily attendance, 40; number of boarding pupils, 6; number of Bible classes, 2; number in Bible classes, 12. The Board of Managers of Hogan Institute have forwarded a request that Mrs. Phelps be returned as a teacher in this school for the coming year. We are justly proud of the patient, earnest faithfulness of our missionaries here amid all embarrassment, and we with them wait saying, "Be of good courage, be not dismayed, for the Lord thy God is with thee, whithersoever thou goest."

#### MEXICO.

While this field is not represented by the Woman's Board, still we feel a deep interest in all its progress, and are glad to join hands to aid them in their calls. We rejoice that in this superstitious, persecuted, priest-ridden country our missionaries are preparing "in the desert a highway for our God." The officials of the government are endeavoring to push the work of education as far as possible, and so propose to sustain the schools by their protection and sympathy, if the Protestants will only start them by putting good teachers into them. The great need is *teachers*. A request from one of the missionaries of our Church was presented to the Woman's Board, desiring them to employ a teacher to open a school at San Pedro, also a request that a young lady be sent in the spring, that she may be

learning the language. The ladies were willing to pay the teacher, and an effort was made to secure one, but as yet no one has answered the call. The field is awaiting harvesters. In response to a call for the needs of the work here our Board has sent through the Assembly's Board \$1,700, to be used as the latter may direct. As we can answer the financial call, we would be glad to have answered the educational call for a teacher.

In studying the different features of our work—the stations opened, the Churches and schools established, and much that can not be pictured—let us not lose sight of the work of our minister missionaries and their wives, who are the leaders and advisers in all our work.

#### OUR THANKFULNESS.

Our voices go up in fervent gratitude to the Giver of every good, for the general good health of all our missionaries—none having been disabled except one, and we are glad to report her again able for duty; for the untiring zeal and loving harmony among our missionaries; for the many kind encouraging letters from them; for the new recruits to the field; the new stations opened, and the good work being done; the steady growth of the Churches and schools in number and spirituality in the ten years; the friendly relations between the natives and our representatives among them, and the blessings that have attended the labors of our missionaries; for the Church Union, based on a common Presbyterianism; that the floods of August and September, which covered such a wide district of country, resulted in the loss of so few lives, and caused no epidemic, as was feared, but that through this trying time for native and missionary alike, Christianity and charity joined hands, and the lessons taught thereby proved gracious to all. Not least among the blessings we are thankful for to-day, are the prompt responses made at home in behalf of the field abroad. To a young lady in Nashville, Tenn., for the American flag; to Mrs. Hill, of Oxford, Miss., for the sewing machine; to Fayetteville, Ark., Band, for the Webster's dictionary, and to the individual and societies' donations for the piano. All of which the teachers and pupils of the Wilmina Girls' School heartily appreciate and return warm thanks.

#### MESSAGES TO ALL.

In counting up the gains and losses of our history, are we sorry now for any thing of time, or thought, or money, or prayers, which we have given to this work? We trust we will all enter into our hastening to-morrows asking, What part shall I do? Our needs for the future are: More workers, both men and women. A letter from Japan pleads, "Two young ladies are much needed now. Send us two of the *best educated, most refined and Christian women* in the Church. *Do* send them if you can; these women are needed for evangelistic work." Are not there two, or more, at this annual meeting, who will answer this call? Another need is to note the gap in Auxiliaries between the *children* and the *mothers*. Our future missionaries and workers at home must come from the children, and they, as yet, are slightly interested. Let us canvass the subject of Children's work in Missions in our meeting, and devise new plans for the future—we must educate for the coming years of Missions. We need more of our ladies interested. Not one-tenth of the women in our Church have even turned a sympathetic glance toward heathendom. Lastly, the work calls loudly for liberal gifts and prayers. Multiplied calls for the latter come in every letter. All can respond to this. Letters say: "Pray God to send us more helpers; pray for our Christian schools, our Churches, our native helpers, our Y. M. C. A., our Y. P. C. E. societies, and, O pray *daily* for your missionaries. We need spiritual uplifting, guidance and strength to do and carry out His work." Let us hold these requests near to our hearts, during this year, in all our monthly meetings, as well as in our daily devotion.

Our ten years close—come let us lay all our short-comings at our Master's feet and go to our untried to-morrows, each pledging to do "one brave woman's part," for the stories of other ten years are to be recorded and we

must go forward "forgetting those things which are behind," with our battle cry, "On to Victory," to stir the sluggish pulses of our Church until millions more in darkness and superstition, will in the coming decade be heard to shout, "Christ for the world and the world for Christ."

MISS ANNA L. FORSYTHE, *Foreign Secretary.*

[See Statistical Tables for contributions by congregations.—T. C. B., S. C.]

### REASONS WHY THERE SHOULD BE AN ORGANIZATION IN EVERY CONGREGATION.

1. The command, "Go ye into all the World and Preach the Gospel to every Creature," is as binding upon each disciple as "This do in remembrance of Me."

2. To Christianize woman is the first step toward Christianizing a people. If the next generation is to be Christian, the women and children of to-day must be enlightened and converted, and to do this Christian women must be sent to them in largely increased numbers.

3. In most heathen lands, women are kept in such seclusion that the gospel of Christ can be taken to them only by women. The secluded women in Eastern nations are one half of all the women of the earth.

4. The women of our congregations need to be awakened and enlightened as to the magnitude and importance of this work. This can be most effectually done by organized societies, since by this means a deeper interest may be aroused, and missionary intelligence be more thoroughly disseminated.

5. Such a society cultivates systematic benevolence, and is helpful to every department of Christian effort. Small sums are thus gathered regularly, and the aggregate will be large. At the same time, this does not detract from, but will rather increase the contributions of the congregation for other causes. It is not expected that this Society will do away with the regular public collections for Foreign Missions. These will be taken as usual, so that all may have an opportunity to aid in sending the gospel to the heathen.

6. People will be prayerful, consecrated, and liberal on the great subject of Foreign Missions in proportion as intelligence increases. Such a society, conducted as it should be will cause the subject to be discussed in the Sunday-school, the prayer-meeting, and every family of the congregation.

7. The children will thus be trained to love and labor for the cause of Foreign Missions. With little effort, under the influence of a woman's society, they may be successfully organized into Mission Bands. The good effect upon their future and that of the Church would be incalculable.

8. The organization of missionary societies among the women of the Church tends to bring their minds to a due sense of their responsibility in this regard, and opens the way for young women to go to heathen lands. It causes those who go to be sustained, not only by material aid, but by the peculiar moral support of woman's sympathies and prayers.

## II.—PUBLICATION.

### REPORT OF BOARD OF PUBLICATION.

To the General Assembly of the Cumberland Presbyterian Church :

REVEREND AND DEAR BRETHREN:—It is with gratitude to God for his providential guidance and control that we present to you this summary of another successful year's work.

Without any very material change in general plans or purposes, much has been done in improving our methods and infusing into the work increased activity and efficiency.

The plan for increasing the publication and sale of books reported to the last General Assembly has been successfully carried forward. The circulation of the periodicals, except the *Review*, has been largely increased. The amount of job work also, has increased, and all with a comparatively small increase in expenses. The result is that, notwithstanding a diminution in prices of our Sunday-school publications and some of our books, there has been a material increase in the net profits of the House.

Dr. Darby, the General Manager, has shown himself active and efficient to an extent that calls for something more than a mere mention. He has, out of the fifty-two Sundays of the year, spent forty-three with Presbyteries, Synods, conventions, or with congregations on special occasions. He has traveled about twenty-three thousand miles, at a mere nominal expense to the Board, and with the least possible consumption of time. While he has on these visits kept specially in view the work of Publication, he has at the same time, we trust, accomplished much in preaching the gospel and energizing all departments of Church work. His work throughout the Church has done much to encourage and stimulate the people with whom he has come in contact, and to produce a more cordial sympathy between the workers in the House and the workers in the field.

On the part of the editors and every one connected with the establishment there has been co-operation and consecrated energy.

#### PUBLISHING HOUSE.

The General Assembly at its last meeting spoke as follows :

“As to the matter of a Publishing House the committee are of the opinion that prudence suggests that the Board should not now incur any very heavy liabilities in the furtherance of that enterprise, and the committee therefore recommend that during the current year the Board go no further than to purchase a lot, if a suitable one can be obtained at a reasonable price, utilizing in paying for the same a portion of the profits of the business, and also, if necessary, and deemed advisable, use by way of sale any real estate owned by the Board. In this connection we recommend that the communication from Evansville be referred to the Board of Publication at Nashville, with instructions to consider it in connection with all similar propositions from other cities.”

The General Assembly at that meeting also adopted the following :

“WHEREAS, Provision has been made by the General Assembly for the Board to receive propositions for the location of the Publishing House; and

“WHEREAS, The representatives of the Board present desire to have others associated with them to share this responsibility; therefore,

“Resolved, That Messrs. J. B. Mitchell, of Missouri, W. S. Danley, of Illinois, James Best, of Ohio, B. D. Cockrill, of Kentucky, J. L. Cooper, of Mis-

Mississippi, J. Reed Morris, of Pennsylvania, and Charles Manton, of Texas, be appointed a committee to advise with the Board of Publication, in considering such propositions as may come before it, it being understood that for economy the two last named be corresponding members of the committee."

In June, 1889, the Board caused notice to be given through the *Cumberland Presbyterian* that propositions would be received till July 9, 1889, from any city that desired to secure the location of the Publishing House. Similar notice was sent by mail to Kansas City and St. Louis, Mo., Fort Worth, Texas, Evansville, Ind., and Pittsburgh, Pa. Upon the request of Rev. J. W. McKay, of Pittsburgh, Pa., the time was extended till October, 1889. Propositions were received from Evansville, Ind., and Lincoln, Ill., and a communication pointing out certain advantages possessed by Louisville, Ky., was also received from that city. These propositions and this communication were referred to the Advisory Committee which, after visiting Evansville, met in Nashville, Tenn., November 19, 1889. All the members were present except Rev. B. D. Cockrill who, for important reasons, could not attend. Able representatives from Evansville and Lincoln and Nashville were present, and presented evidence and arguments in behalf of the respective places. After the close of the argument the Advisory Committee met in private session, no one being present except its own members, and, after very deliberate consideration, presented to the Board the following report:

"The undersigned committee appointed by the last General Assembly to advise with you in considering such propositions for the location of the Publishing House of the Church as might be brought before you, having carefully examined all the papers relative thereto laid by you before us, and having fully heard all the parties to such propositions, do hereby unanimously recommend that you locate said Publishing House in the city of Nashville, Tenn. Ten thousand dollars has been guaranteed here.

"Respectfully submitted.

(Signed)

J. B. MITCHELL,  
W. S. DANLEY,  
JAMES BEST,  
J. L. COOPER,  
CHARLES MANTON,  
J. REED MORRIS."

Nashville, Tenn., November 20, 1889.

After this action of the Advisory Committee the Board purchased at public auction a lot on Cherry street, in Nashville, Tenn., about three hundred feet south of Church street, fronting about ninety-nine feet and running back one hundred and seventy-five feet to an alley. This lot in its location and topography is universally pronounced a most desirable one, and was purchased at the price of \$15,600. A plan for a building thereon is almost completed. The building as planned is most admirably adapted to the work, is of the most substantial character, and in architectural style will be a credit to the Church. The importance of having this building so far completed that we can move into it by January 1, 1891, can not be well overestimated. To provide money with which to erect the building the Board respectfully asks that your reverend body take such action as will authorize the Board to issue mortgage bonds to an amount not exceeding \$50,000, and bearing interest at a rate not exceeding six per cent, and to secure the payment of the principal and interest by a mortgage on its property. The stipulations of the bonds and provisions of the mortgage, other than as above stated, being matters of detail, could properly be left to be determined by the Board as the requirements or preferences of money lenders or other circumstances might suggest.

The Board feels perfectly confident of being able to meet every year the interest on these bonds, and after the first or second year, a due proportion of the principal. Even at six per cent (and the Board would hope to borrow at a lower rate), the interest on \$50,000 would be \$3,000. The Board now pays \$1,500 per annum rent, and the new building will contain a store-room and about a dozen office rooms which, for some years to come, will

not be demanded for the work of the Board. From these surplus rooms a rental can be realized of at least \$1,500. Thus the rent saved and rents collected would alone pay the interest on the bonds. Should the bonds have twenty years to run, the average annual sum of \$2,500 drawn from the profits of the business would redeem them all within that period. The present prospects of the Board indicate, however, that they could all be redeemed in a much shorter time without financially cramping the Board in the continuous expansion of its work.

#### SUNDAY-SCHOOL DEPARTMENT.

Much progress has been made in this department during the past year. In addition to the work done by Dr. De Witt, General Superintendent of Sunday-schools, we have co-operated with several State Conventions and Synods in the employment of men who give all or a portion of their time to the advancement of the Sunday-school cause. The "Children's Day" fund is being used in part for this purpose, which we regard as strictly missionary. This fund should be greatly enlarged, and this method of extending the Sunday-school work should be carried forward on a much more extended scale. We believe it will produce the largest possible returns for the investment made.

After careful consideration of the whole subject in all its bearings, we decided in November last to reduce the price of Sunday-school supplies twenty per cent. Results have already proven this to be a wise step, and we hope the Church will further show its appreciation by greatly extending the circulation of our Sunday-school periodicals.

The circulation of the several Sunday-school periodicals is in round numbers as follows: *Bible Study*, 3,500; *Comments*, 30,000; *Rays of Light*, 23,000; *Lesson Leaf*, 24,000; *Gem*, 17,000; *Our Lambs*, 25,000. Some idea of the amount of work done by the House for the Church may be imagined from the fact that the number of pages of Church literature that has come from the press during the past year aggregates more than 22,000,000.

#### Books.

Since the last meeting of the General Assembly the Publishing House has issued several volumes that will take high rank in the literature of the Church. These are as follows: "Women of the Orient," Cumberland Presbyterian edition—with an Introduction by Mrs. A. D. Hail, of Japan; "Truth Applied: or Bible Readings," by Rev. R. G. Pearson, Evangelist; "God Our Father," by Rev. W. H. Black, D.D.; "Echoes from Caruthers Hall," Lectures by the Faculty of Cumberland University, with a supplement; "The Old Guard," by Chancellor N. Green, LL.D.; "Studies in Moral Science," by S. G. Burney, D.D.; "The Chart of Duty," being Part II. of Dr. Burney's work on Moral Science; "The Tall Man of Winton," by Chancellor N. Green, LL.D., a new and improved edition, with an Introduction by Rev. E. B. Crisman, D.D.

We are happy to announce that we were able to enter upon the publication of these volumes with an assurance against financial loss. Those who subscribed for them trusted the House to fulfill its promise and the universal sentiment is that these volumes are first-class in mechanical make-up, and meritorious in their contents. The issuance of these books and their cordial reception by the Church constitute one of the most encouraging features of the past year's work. Special effort should be made to get these books into the hands of that large class in our Church who can only be reached by personal solicitation. Other volumes of equal merit are in press, and will soon be announced. The first of these will be "Doctrines and Genius of the Cumberland Presbyterian Church," by A. B. Miller, D.D., LL.D., President of Waynesburgh College. By arrangement with the Board, Dr. R. V. Foster, of Lebanon, is engaged in preparing a commentary on Romans. His work is far advanced, and the manuscript will be in the printer's hands by the end of the summer. We hope in due time to publish other volumes until we shall have a commentary on the entire New Testament.

## THE CUMBERLAND PRESBYTERIAN.

One of the most encouraging phases of the year's work is the increase in the circulation of the *Cumberland Presbyterian*. Last year it was 8,500, while it is now, in round numbers, 11,000, an increase of 2,500 for the year, or 200 subscribers every month. There is no reason why the paper should not have a permanent circulation of 15,000. Let us all work to this end. The weekly paper is a mighty power in all the work of the Church, and whoever helps to extend its circulation is aiding at the same time every enterprise of our Zion.

## THE REVIEW.

The circulation of the *Cumberland Presbyterian Review* has not increased over last year, and is far from paying expenses. Its publication seemed to be demanded by the Church, and we have done with it the best we could. Certainly it is first-class in every particular, and to suspend its publication would be a misfortune. This we shall feel constrained to do unless the Church is more generous toward it. The circulation will have to be nearly doubled before it will pay expenses.

## JOB WORK.

A very important feature of the Publishing House is the job work that it is enabled to do. Having the machinery with which to do our own work it is a great gain to have enough outside work to keep it busy when it is not needed for our own. The increase in the amount of job work done during the past year is fully twenty-five per cent. The increase will be still greater when we get into a new house, with improved facilities.

## FINANCES.

The net profit of the year, deducting donations, is \$10,525.39, as shown by the appended balance sheet. The actual profit from the business is \$11,981.28, from which is deducted for wear and tear on machinery, type, etc., 10 per cent of last year's valuation of the same. We have cash on hand (May 1st) \$2,582.65. Of this amount we hold in trust \$1,568.21, as follows:

### III.—MINISTERIAL RELIEF.

---

To the General Assembly of May, 1890:

The Board of Ministerial Relief, of the Cumberland Presbyterian Church for Disabled Ministers and the Widows and Orphans of Deceased Ministers, respectfully submits to the General Assembly its Ninth Annual Report. The applications on which aid was granted also accompany the report.

#### HISTORICAL.

At Austin, Texas, May, 1881, this Board was organized and is composed to-day of the same men who were appointed at the organization with the exception of the Rev. J. E. Jenkins, resigned, and L. M. Rice with Rev. A. G. Bergen added by election to the Board since the organization.

The first report was made in May, 1882, and the ninth is made to-day.

The first report gave a list of ninety congregations, forty-six Presbyteries, and eleven individuals contributing to this cause \$598.61.

This year's report includes a few over thirteen hundred congregations, all the Presbyteries in the Church except two (Chillicothe and Muskingum), and nearly two hundred individuals, counting the ministers, giving personal offerings, and these have contributed \$10,306.35.

That first year's work told the needs of three ministers and one widow, and their necessities relieved to the amount of \$140.50. The year that closes now reminds us that the homes of forty ministers, thirty-eight widows, and two sets of orphans have been gladdened and made to rejoice with those things necessary to life and which are represented by a money value of \$6,660.24; besides there are several applications to add to the above at the very beginning of the new year.

The work has been phenomenal, and yet a delight as every year passes.

#### THE ROLL

that could be called at this hour, comprising the names of eighty families distributed in about sixty different Presbyteries, would interest this audience and awaken profound feelings, for of this number there would be the names of Moderator of the Assembly and all degrees of merit from the highest to the lowest. There would appear the name of a former pastor of some elder commissioner on this floor, as well as the name of some faithful man of God who, by his efficiency and faithfulness made it possible for some minister now taking part in these deliberations to have a delightful field of work.

There are names of grand, good men on this list and some of our purest, most consecrated Christian womanhood appear as well. We would not undertake in every instance to defend the name you might call, for as a Board we are not altogether responsible for every name which is listed on our books. The Presbyteries very largely are to blame if unworthy persons are aided. We do say that where there is any intimation of demerit a carefulness is exercised which must meet the approval of the most conservative, and yet we know it is a harder piece of work than many of you think to see some brother minister who is actually in need—has been a very good man, but his work has not been as prosperous nor as faithful as it could have been in our judgment—we say it is hard to see him in need and refuse to recommend him for aid. Just put yourself on a committee for such a one and

take the case into hand in the light and spirit of Him who administered to the wants of man and gave us the example of "going about to do good," and if some brother does receive aid that we think hardly deserves it, you will be the one that will have the least to say in criticism. You will observe by a careful perusal of the names, very few are missing, if any, from the roll of the previous year, but quite a number have been added, as last year's list numbered seventy-four, and the difference between that and eighty-four or six, which is the actual number to begin another year with, will show that this work is increasing in demand as well as in interest and co-operation on the part of the Church.

#### FROM THE FIELD

come the interesting signs of favor and development. About one hundred and twenty-five more Churches made offerings this year than did last, and some few from which we heard last increased their contributions so that the report shows an increase of something near \$1,300 over our last annual report; but not the least sign, from the Church at work, is the hearty words of sympathy and good cheer mixed with the "God bless you" coming from every source.

#### FROM THE HOMES OF THOSE AIDED,

too, is to be heard the voice of gratitude and prayers for God's blessings to rest on those, whose hands, under God, have poured out into their humble homes the blessings of life. There are smiles and tears there, also pain, sickness, and death. Longing, waiting for the end, looking back over the past, hoping to be able to preach one more sermon. Voices long hushed seem to be heard at the school-house, the meeting-house, the grove, the old camp-ground shed, and around the family altar, and thinking to join in the chorus, the cracked voice lifts itself only to realize by its huskiness and difficulty that memory has allured it into the past and in imagination the preacher has seen and mingled with the loved of long ago. Then comes the wish to depart and be at rest. But that is not all. Let us take you to one other scene.

There stands at the gate of a preacher's home—his while he pays rent—a minister who has labored successfully in a number of Churches in Kentucky, Indiana, and Illinois; he has walked to the gate with his daughter, who bids him good-bye for the day to walk to a school-house two miles away to meet her classes. "That is nothing," you say, but wait. You observe this man leans on a staff and trembles, and tears trickle down his cheeks as he watches his frail daughter receding in the distance. "Why weep, O man?" "This is why," he says, "Did I ever think I would come to the point where my children would have to support me?" He turns to the house heavy at heart—he can not work—live he must—he has not laid by for this extremity—what must he do—simply sit down in his home, with all the desire of a good father to help his children crushed, and submit to being helped by the daughter and wife. If he had carelessly spent his money and time it would be different, but he gave up all prospect of these things and spent his time and energies in the interest of others. Has not the Lord said concerning "Him who forsakes houses and lands and homes," etc., all these things here—yes, at the hands of those whom his minister serves; hence it is with gladness that we announce our efforts at trying to verify this promise of God. We approach the home of one of these families—the children run to meet us—call our names and kiss us, conduct us into their home, and show many articles, the gifts of friends. Why is this children? They answer, "The Lord is good to us because our father was a preacher; the Board of Ministerial Relief collects money from the Churches where father preached and sends it to us, and O how we love those people. God bless them; we pray for them every night."

To another home we go, mother is sick, scant are the meals and clothing. The boys and girls work hard to get a living, and every thing seems to be against them. In their young minds at the bar of reason comes the question, why is it thus? My father was a good man, he worked hard for others, was going night and day, but seemed to care little for us. If he did care for us, why did he not do more for us? Why did he leave us homeless, penni-

less, breadless? Why? why? why? If this is the way a preacher has to live, I do not want to be one, it is said. Then if he did so much for others, why do they not show more gratitude for what my father has done? Our country does—any man of honor in the community or in any line of business who is unfortunate is cared for and helped, and should he die his family is looked after. This is the way of the world, but the way of the Church and religion is to let my father's family suffer.

Then comes the decision at this extremity, I believe I shall take the way of the world, and it is often too true—preachers' children are seeking other walks of life.

#### AS THE BOARD SEES IT.

Certainly the Board knows that we should receive and disburse the funds, using due diligence and carefulness, but we have felt greater obligations on us than this—that is, to educate the Church and develop it in this line of benevolence as well as to have a guardianship over those who are aided by the Board.

Hence, no doubt, many who hear and read this report have received words of information, encouragement as well as exhortation, on the subject of relief. We are very grateful for the co-operation and sympathy which have come from you.

With the facilities at hand, we think the work has been done very well, and are grateful to God for his blessings of increase this year. And yet, as a view is taken of all the surroundings, there is a breadth to this work which can and ought to be reached of which few have even dreamed. To say that it has reached its climax is to say, We do not propose to meet our obligations to the dependent, and to urge our dropping behind is the very element in which the Church is weak to-day—benevolent and charitable institutions.

Protestantism is pitted against Roman Catholicism, and the cry is, "What shall we do to stop the onward march of this dangerous influence?" then we madly rush forward to the platform and pulpit and cry out against the Roman Catholics. Judiciously done, it may be to a degree good, but there will come along two inoffensive "Sisters," and from the pockets of the Protestants get money to build a home for the aged, the poor, the homeless, the friendless, the orphan, and the sick. Then this very building speaks louder to the heart of man than any sermon or lecture.

Go and do likewise, Churches of Christendom, and you will do more to raise the standard of the Cross to its true position, defeat Roman Catholicism, as well as attract many men who are making secret societies their Church.

We are glad, as your servants, to report that your Churches and preachers have heard your appeals in behalf of this cause gladly, and have responded quite liberally. It finds a welcome wherever presented. We recommend for your commendation the faithful men who have presented this matter to their charges, and the liberal, benevolent men and women and children who have responded to their call.

There has been a healthy growth in interest this year, and we believe that there has only another quarter to appear and another opportunity to be given when the young tree will add another year to its age and one more healthy increase to its circumference. The same co-operating sympathy, prayers, and liberal offerings as in the past we ask through you for the future. We would have you emphasize two points only on which you have already declared yourself, and these are—

1. As to recommending persons for aid. Please say to the Presbyteries: They should stand manfully up under the duties falling upon them, and not recommend a person for aid that they feel should not be helped, and one whom, if the Board does aid, will only bring contempt upon the cause in the region where that person lives. Also in sending an application to be sure to send the fullest information possible about the circumstances of the party applying for aid.

2. That every preacher give his Church or Churches a chance to make an offering to this cause after having given them all the information he can

get, and furnishing them with every thing he can to aid them to a liberal response to the same. At least half of your Churches have responded this year.

#### THE STANDING COMMITTEE

is a very important factor in this work both to the Board and Presbytery. There should be one in every Presbytery, whether there is an applicant or not.

#### THE DUTY OF THE COMMITTEE.

To transmit to the preachers and Churches of the Presbytery any information, plans, and appliances of the Board; and to have an oversight of the conducting of the work, as well as to investigate the application of any person, giving full information as to the needs of the person applying, also the merit of that person, and be ready at any time to communicate any change in the condition of such a person.

The chairman of such a committee should be in direct communication with the Board all the time, consult the Minutes of the General Assembly to see the deliverances of that body as to the wishes of Assembly and Board concerning the Presbyteries.

#### THE BOX DEPARTMENT.

It has been our pleasure to observe the gladness of those making up a box or barrel to send to some one of our beneficiaries, as well as to be in the home of one where such a box was received, and to see the joy with which the children and occupants of that home received the contents and spoke of the senders. It is a blessing to those making up such boxes. It interests and gladdens at both ends of the line. A doll sent from a home of luxury to a home where there is no doll; picture books and games that have been a source of amusement and profit once to many homes, but now the children are tired of them and never use them—these could and ought to be gathered up and sent to a home where they are not and can not be unless sent there. Articles of clothing are often very acceptable, and are appreciated very highly; and how much our interest increases when we have made and sent garments with our own hands to those who used them.

#### WHAT SHALL I DO?

BY THE CORRESPONDING SECRETARY.

I am the pastor of a church. The Assembly has the year divided into four quarters, and these are known as the quarters for Home Missions, Education, Foreign Missions, and Ministerial Relief. Shall I decide as to the most important of these enterprises, stir up my people on that, inform them about it and use all laudable methods to get a liberal offering for it and let the others go unnoticed, or shall I just casually mention them and say: "If any of you want to send any thing, hand it to me, I am going to send a little mite, and will send yours along."

I can not make a thorough canvass of my Church but for one thing in a year. The Assembly has made a mistake in asking that four causes be presented in one year; it ought to be four in four years.

Or, shall I say the Assembly asks me to give my people information on "Home Mission work, its needs, the profit in it, our duty toward, etc.," and by the grace of God I propose to do it. I send for envelopes, for information; I appoint a day called "Home Mission Day." A committee has prepared a special programme bearing on this work; they have distributed these envelopes, with a personal appeal in each envelope, to every man, woman, and child of the Church. The congregation is assembled, the programme rendered, every person given an opportunity to make an offering on the merits of the case; the money is counted, the treasurer sends it to the Board, and so I do in every other quarter. This way, and this only, in my opinion, is the way to settle which is the most important, and how much my people shall give.

GENERAL STATEMENTS.

The purpose for which this Corporation is formed is to receive, hold, convey, and disburse such real and personal property as may be given by will or otherwise to it, or acquired by it in any legitimate way, for the relief and support of disabled ministers and missionaries, and of the needy widows and orphans of deceased ministers and missionaries, or of such other persons as may be dependent upon said ministers and missionaries.

Appropriations from the funds of the Corporation shall be made alone, first, to such ministers as are members in good standing of some Presbytery of the Cumberland Presbyterian Church, they having fully consecrated themselves, since entering said ministry, to the active duties thereof in said Church, and who are not able to support themselves by any suitable vocation of life, and to such missionaries as have been appointed to work in Home or Foreign fields by the recognized authorities of said Cumberland Presbyterian Church, and who have faithfully discharged the duties assigned them during the time of their appointment, and who are not able to support themselves by any suitable vocation in life; and, second, that so far as may be consistent with the wants of disabled ministers and missionaries, the Board may also furnish aid to the widows and orphans of ministers and missionaries aforesaid, and to such other person or persons as may be, or may have been, dependent upon said ministers and missionaries.

RULES FOR DISBURSING FUNDS.

Appropriations for missionaries who are not ministers, or for those who are, or have been, dependent upon such missionaries, shall be made on the recommendation of the Board by which such missionaries were, or may be, employed.

2. Appropriations are made for one year or less, except when otherwise ordered; and if aid is continued, the recommendations must be renewed from year to year.

## IV.—EDUCATION.

---

To the General Assembly of the Cumberland Presbyterian Church :

The Board of Education herewith submits its Ninth Annual Report.

The work of this Board is steadily growing, and its influence widening. With the hearty co-operation of the whole Church in all its aims, its power for good can hardly be estimated.

That the Church is awakening to the importance of its work there can be no doubt, for there has been a large gain in every way. We have contributing to it this year four hundred and twenty-six Churches, representing eighty-six Presbyteries; a gain of one hundred and three Churches and one Presbytery over last year, while our cash receipts are fully twenty-five per cent in excess of those of last year. We have also twelve contributing Sabbath-schools.

The direct effect of the work of the Board is seen in the increased enrollment of candidates and licentiates in our schools, and the longer time in which they remain at school.

We are assured by the faculty of the Theological Seminary at Lebanon that their work is very much more satisfactory, in that the students remain whole terms instead of a few short months, as heretofore, and then leave for want of means. Why should not every one of our probationers for the ministry be at school? We learn, from information furnished the Board, that the following ministerial students are in school; to wit: At Missouri Valley College, 14; Bethel College, 10; Southern Illinois College, 3; Trinity University, 28; Cumberland University, 88. Total, 143.

No report was received from either Lincoln University or Waynesburg College, but allow that there are fifty more students in other schools not reporting, and we have a grand total of one hundred and ninety-three ministerial students in school; some of this number are ordained ministers, and have been for several years past. Now the Minutes of the General Assembly of 1889 show that there are four hundred and seventy-nine candidates and licentiates, so we have at least three hundred candidates and licentiates that, so far as the rolls of our Church schools show, are not in school at all.

### PRESBYTERIAL EDUCATIONAL COMMITTEES.

This Board has earnestly sought to have every Presbytery create a permanent Committee on Education, whose duty it shall be to look carefully after the education of every one of its candidates, and whose chairman will be the correspondent and local secretary of this Board in his particular Presbytery. Many of the Presbyteries have acceded to this request, but very many others ignore or neglect it.

### PRESBYTERIAL RECOMMENDATIONS.

In view of the fact that the Board's means are very limited and that we can not help all who apply, nor to the extent asked, it is proper that the Presbyteries should use care in the selection of candidates whom they would recommend to this Board for assistance. Those who give promise of most usefulness, and are otherwise equally meritorious and needing assistance, should be preferred among those recommended.

## MARRIED STUDENTS.

This Board prescribes no tests, nor imposes any conditions upon those applying for aid, other than have been prescribed or approved by you. We have construed the rule adopted by you at the last Assembly, regarding aid to married students, who chose to marry after receiving their call to the ministry, to apply only to those students marrying since the promulgation of that rule, consequently we have, during the past year, helped several who were married prior to that edict of the Assembly.

## STUDENTS AIDED.

Aid has been rendered students during the past year as follows:

Waynesburg College.....	5 students.....	\$ 170 00
Bethel College.....	3 students.....	110 00
Missouri Valley College .....	1 student.....	30 00
Trinity University.....	9 students.....	345 00
Lincoln University.....	3 students.....	130 00
Cumberland University.....	33 students.....	1,650 00
Total.....	54 students.....	\$2,435 00

To this should be added the amount contributed under the direction of this Board to four students of New Hope Presbytery, by the Educational Society of New Hope Presbytery, amounting to \$247.80.

A schedule giving the names of students aided, and the amounts, is on file in the office of the Secretary and Treasurer, and is open to inspection.

It will be remembered that there are eighty-eight ministerial students in Cumberland University, and that most of these are in the Theological Seminary, and will soon be in the field, which accounts for the amount of aid given here.

## REPORTED DONATIONS.

We have been repeatedly asked to make mention in our annual reports of the donations of individual Churches and Presbyteries. This we have declined to do believing that to do so would retard the work of co-operation so rapidly advancing in the work of all the Boards, and which is so essential to success. That it would encourage individual effort alone, and destroy unity of action, thereby weakening the power and influence of this Board for good and usefulness, and tend to make it a mere intelligence office without the strength and power that is found in the united action of many, and that is found in one directing and controlling head.

It is a well established rule of this Board that donors may, if they choose, name the persons to whom their donations shall be given, and we will not question the right, but faithfully apply them as directed, yet we think the best interests of the work demand that all contributions sent to us should be applied as wisdom and prudence may dictate, and having regard to the general welfare of the Church.

## SCHOLARSHIP FUND.

This Board very earnestly desire to build up a permanent fund out of which scholarships may be created, and students elected thereto for the full term of their school life. Looking to this end, we began this year with your approval heretofore given to retire fifty per cent of all return loans. The amount retired this year being ninety dollars; this sum, together with a fund specially contributed by Guthrie Presbytery, being the proceeds in part of a note on Rev. T. A. Cowan, the interest of which is to be applied to the education of candidates of that Presbytery, has been loaned upon good security at six per cent interest.

This Board has been duly chartered under the laws of the State of Tennessee, and is legally authorized to accept of all bequests and trusts, having for their purpose the education of young ministers in the Cumberland Presbyterian Church, and we know of no worthier object to attract the benevolences of those qualified to bestow them.

## ENDOWMENT OF CUMBERLAND UNIVERSITY.

We have as usual audited the accounts of J. S. Grider, D.D., your Endowment Agent for the Theological School of Cumberland University. His report shows a gain to the University for the past year of:

Cash .....	\$2,626 50
Notes.....	1,915 00
Promises and Wills.....	5,093 50
Total.....	\$9,635 00

What may be realized from the latter is very uncertain, but in the five years past as much as \$3,458 has been realized from this item. While the work of Brother Grider has been of very great and lasting benefit to the Theological Seminary, we may be permitted to say that the Church has very largely fallen short of its duty in this regard. Brother Grider has a plan looking to the endowment of the Theological School which he will, with your permission, present in person, and we bespeak your careful consideration of the same, and fully indorse it.

## CHANGES IN THE BOARD.

During the past year our brothers, J. C. Provine, D.D., and John Frizzell, who have served long and faithfully upon the Board, have seen proper to resign, and in their stead we have elected, subject to your approval, ruling elders T. M. Hurst and Frank Slemmons, both of Nashville, Tennessee, the home of the Board.

Rob't L. Morris, who has filled the post of Secretary for two years past, finding that the work of the office was rapidly increasing, and making a greater demand upon his time than could well be afforded, resigned the position. The Board, believing the interest of the work demanded it, have consolidated the offices of Secretary and Treasurer, and elected thereto the Rev. J. R. Henry, the present pastor of Watkins Park Church, Nashville, Tennessee, at a salary of four hundred dollars per annum, who, in conjunction with his pastoral duties, and until the work shall demand his whole time, will discharge the duties of the office. He was not elected a member of the Board, but is an officer of it, and subject to its orders, and is the only salaried officer or member of the Board.

We respectfully ask your approval of these changes.

## FINANCIAL STATEMENT.

The following is a statement of the receipts and disbursements of the Board for the year ending April 1, 1890:

Respectfully submitted.

## REPORT OF TRUSTEES OF CUMBERLAND UNIVERSITY.

To the General Assembly of the Cumberland Presbyterian Church in session at Union City, Tennessee:

The Trustees of Cumberland University submit the following as their Annual Report to your reverend body:

The college year, ending June 5, 1890, has been exceedingly prosperous and encouraging. The forth-coming Catalogue will show a decrease of only one in the general aggregate of students in attendance. The only noticeable falling off has been in the Preparatory School, which is easily explained by the fact that the public schools of Lebanon have greatly improved in character during the current year, and as a consequence, the University Preparatory has suffered a loss in local patronage. This loss has, however, been so far compensated for by an increase in the number of candidates for the ministry, and an increase in the number of law students, that the general aggregate is only one less this year than last, as above stated. The Catalogue of 1888-9 showed a total of eighty-two (82) young men preparing for the ministry in attendance. The Catalogue of the current year will show the number to be eighty-eight (88), an increase of six (6). The number of theological students attending the Seminary exclusively last year was thirty-seven (37); this year the number is thirty-eight (38), an increase of one (1).

The gradual increase from year to year of the number of students preparing for the ministry must be accepted as an encouraging fact. But the increase is so slow that it seems to justify the Board in directing your attention again to the apparent apathy that exists in the Church on the subject of a thoroughly educated ministry. In this connection we can do no better than to quote the words of a report made by one of your committees at your last annual sitting. "The importance of the school can not be too highly estimated. The young ministers of to-day are to be, in a large measure, the leaders in the religious, intellectual, and the social life of the age. . . . This is an age of quickened thought, of increasing intelligence among the masses, and times like these demand ministers of broader culture than any period of the past. They must not only keep abreast with those of the best thought, but they must go in advance of them. Men of every profession are now being trained—the lawyer, the doctor, the teacher—in schools adopted to these professions, and furnishing them qualifications in the line of their work, and it is even more important that ministers should be trained for their work." (See Minutes of the Assembly, 1889, pp. 43-4.) These strong words, to the strength of which we can add nothing, import a duty resting on the Church which can not be neglected if we expect to continue to hold our place among the religious denominations of the world, or if we as a Church expect to render our reasonable service to the age or to God. The statistical table contained in the last Minutes of the Assembly shows 479 candidates and licentiates in the Church. This report accounts for eighty-eight of that number. Where are the remaining 391? If they are not being looked after in the matter of proper educational training for their great mission, should it not be done at once?

In the matter of endowment for the Theological School, the Board reports a decided and continuing increase in the fund devoted to that purpose. The aggregate amount is now sixty-one thousand dollars, as follows:

Amount in hands of Trustees of the Church, known as Doherty Fund, on which this Board receives interest .....	\$10,000 00
Real estate (paying annual rent).....	2,000 00
Mortgages and bonds bearing six per cent.....	30,000 00
Grider notes uncollected.....	10,000 00
In all the sum of.....	\$61,000 00

The notes heretofore taken by the Church's agent, Rev. J. S. Grider, D.D., as they matured, have nearly all been paid, not five per cent of them, perhaps, proving uncollectable. Applying this rule to the notes now in the hands of the Treasurer of this Board, the above aggregate would be slightly

reduced. The income from this endowment is now about sufficient to pay three full salaries of \$1,200 each. Brother Grider's work will ultimately endow the school, and the Board thinks it of the utmost importance that he should be continued in the field. His report of work for last year will be made to your reverend body through the Committee on Education, and it will contain many items of encouraging information to the Church.

At the Assembly of 1889, the sum of two thousand dollars was pledged from Presbyteries for the purpose of preparing greater accommodations for students at Divinity Hall. Of the sum so pledged, eleven hundred dollars has been paid to E. E. Beard, Treasurer of this Board. Upon the faith that the remaining nine hundred dollars will be paid within the next two or three months, the Board has let out a contract for the erection of a building of brick to cost \$2,700. The Board thinks it can provide for the extra \$700 without calling on the Church. The building will be completed in first-class style by the opening of the September term next, and when completed will furnish room for at least twenty-four additional students. The building will be ornamented in architectural design, and will add greatly to the attractiveness of Divinity Hall grounds.

In all departments of the University the Faculty have been earnest and faithful in the discharge of their class-room duties.

Sixteen law students were graduated in January, and fifty-nine young men will be graduated from the various departments of the institution on the 5th day of June, and it may be said of them as a class, that they will well deserve the honors to be conferred upon them.

No change in this Board, and none in the University Faculty has occurred since the last report.

Respectfully submitted.

ANDREW B. MARTIN,

President Board of Trustees of Cumberland University.

A. F. CLAYWELL,  
Secretary Board of Trustees of Cumberland University.

## V.—CORRESPONDENCE.

### LOCATING THE PUBLISHING HOUSE.

To the General Assembly of the Cumberland Presbyterian Church, to convene at Union City, Tenn., May 15, 1890:

**MODERATOR AND BRETHEREN:**—The undersigned Committee appointed by the last General Assembly to advise with the Board of Publication in reference to the permanent location of the Publishing House, submit the following report:

The committee convened first at Evansville, Ind., November 17, 1889, and again two days later in Nashville, Tenn., continuing in session at the latter place, three days. We carefully and prayerfully considered all the propositions brought before us, and we patiently heard all parties in advocacy of the different places presented by them, and after mature deliberation, we came unanimously to the conclusion that said Publishing House should be located in the city of Nashville, Tenn. The sum of ten thousand dollars is guaranteed here.

Respectfully submitted.

### REPORT OF COMMITTEE TO VISIT THEOLOGICAL SCHOOL.

To the General Assembly of the Cumberland Presbyterian Church, in session in Union City, Tenn., May 15, 1890:

**MODERATOR AND BRETHEREN:**—Your Committee appointed to visit the Theological School in Cumberland University would submit the following report:

The members of your committee have visited the University. J. M. Gill and J. L. Cooper were present three days during Commencement week last June; J. M. Gill and A. G. Bergen visited the institution in March last, and spent three days viewing the regular work of the University.

The duty placed upon us by appointment of the last General Assembly proved to be a most enjoyable privilege, as we had anticipated it would be.

Lebanon, Tenn., is admirably adapted by its location and surroundings to be the seat of the chief educational institution and the school of the prophets for the whole Church.

Being located so near to Nashville, Lebanon is easy of access from all parts of our denominational territory, and its local surroundings are such as to make it a most desirable place in which to live. The cost of living is very low, the air is healthful, the water pure and abundant, and the people generous, hospitable, social, and thoroughly in sympathy with the life and spirit of the University.

The University, in all its departments, is thoroughly organized to do the best work possible with its present facilities.

The faculty is composed of an able corps of professors, thoroughly competent, conscientious, and aggressive. Each professor seems especially adapted to the work in his particular department. All the members of the faculty

are earnest workers, and aim at securing for the students the very best intellectual and moral results.

The attendance upon the various schools of the University is larger this year than for many years past, and the class of students will compare favorably with that of any previous year.

While it is true that a large increase in the endowment is very much needed to supplement the too meager salaries of the faithful, consecrated teachers, especially those in the literary and theological departments, it is also true that the necessities of the academic school persistently plead for a larger and more suitable building in which to carry on the work of that department.

Divinity Hall is in good repair, and has been much improved recently. Through the energy and persistency of Mrs. Dr. C. H. Bell, assisted by other friends, an elegant reception room has been fitted up and furnished, and the Burney-Kirkpatrick lecture-room has been beautified and re-seated with very comfortable and convenient desks. He who visits this department of the University and sees how comfortably the young men are situated, and witnesses the workings of the school, will be thoroughly satisfied that the best results are being reached by the wisest use of the means at command.

The Law School is, and always has been one of the most successful departments of the University. The attendance this year is unusually large, and the work done has been quite satisfactory both to the students and the professors.

The Trustees report that they expect to have eight or ten more rooms for theological students ready for occupancy by the opening of the fall term.

The Treasurer reports the finances of the University in better and safer condition than for years past.

J. M. GILL,  
A. G. BERGEN.

#### PRESBYTERIAN ALLIANCE.

To the General Assembly of the Cumberland Presbyterian Church:

CHRISTIAN BRETHREN:—The Executive Committee, Western Section, take great pleasure in informing your honorable body that during the year ending April 30, 1890, the work intrusted to their care by the Council of the Alliance, has been carried forward with diligence and success.

The important matter of co-operation in Foreign Mission work has engaged the close attention of the Commission, and considerable progress has been made in the harmonious adjustment of the relations, upon foreign fields, of the Churches in the Alliance. Notably is this true upon the American Continent in the Union work now in progress under the care of the Synod of Brazil, formed in 1888, and representing the Foreign Mission work of the Presbyterian Churches of the United States, North and South.

The Commission reports the happy completion of the effort to raise the sum pledged in 1884 for the support and extension of the work of the Church in Bohemia. This has been accomplished in the main through the able and indefatigable labors of the Rev. W. C. Cattell, D.D., of Philadelphia.

The work of the Eastern or European Section has been, we are informed, attended with much success during the year closed. We quote from the report of that section as follows:

“As the result of much personal visitation and correspondence, many of the Continental Churches have been led to a more correct conception of the nature and objects of the Alliance than they previously possessed. This has led to the expression in many quarters of a strong desire to come into as close connection with us as in their circumstances is possible. Many of these Churches are children of the Old Reform; some are descended from the Waldensian Exiles, and others from the French Huguenots and refugees; but between all of these and the British Churches there existed, in former days, very special intimacy. If the Alliance, as it is seeking to do, shall succeed in bringing about a renewal of that intimacy, it will have rendered no small service to the cause of Christ on the continent of Europe.”

We desire to draw your attention this year, as last, to the fact that the sum of \$2,500 per annum is needed for the expenses of the Western Section of the Commission. The basis of contribution to this expense-fund is the representation of each Church in the Council of the Alliance. Upon this basis, your proportion of the expense fund for the year ending April 30, 1891, is \$495. It is respectfully requested that you make some definite arrangement for the payment of this apportionment.

The General Council of 1888 accepted from the Presbyterian Church in Canada, an invitation to hold the Fifth General Council, in 1892, in the city of Toronto, Canada. Preparations for this meeting are now being made, and it is requested that your Church make due arrangements for representation at the Toronto Council. The basis of representation in the Council is as follows: "For each hundred congregations or less, two delegates, up to one thousand congregations; above one thousand congregations, one delegate for each additional one hundred, up to two thousand congregations; above two thousand congregations, one delegate for each additional two hundred and fifty congregations."

Requesting your kind and prompt attention to these several matters, we respectfully submit this report in the name of the Western Section of the Executive Commission of the Alliance.

TALBOT W. CHAMBERS, *Chairman.*  
WM. HENRY ROBERTS, *Secretary.*

Cincinnati, O., May 9, 1890.

#### APPOINTMENT OF DR. W. J. DARBY.

This certifies that the Rev. W. J. Darby, D.D., has been duly appointed by the Western Section of the Executive Commission of the Alliance of the Reformed Churches holding the Presbyterian System," to represent the Alliance at the meeting in the year 1890, of the General Assembly of the Cumberland Presbyterian Church. Very respectfully,

WM. H. ROBERTS,  
*American Secretary.*

#### BOWLING GREEN INSTITUTE (COLORED).

At a meeting of the Board of Trustees of the Bowling Green Institute (colored), the following Minutes were adopted in view of the following facts:

1. That the school is located on the border, and not in the center, of the colored population and Church, and therefore not in the most eligible position for patronage.
2. The local surroundings are not as desirable as should be wished, and the success or failure of a school is largely attributable to its surroundings.
3. That the buildings are not such as are needed for a school of this character.
4. That the property has grown in value and might be utilized in such a manner as to secure a more commodious building.

It is the opinion, therefore, of this Board that this property should be abandoned by the Church for school purposes, and that the Board of Trustees of the Cumberland Presbyterian Church should sell this property and invest the same in better property at this point or elsewhere, taking the deed under the same conditions under which the property is now held, and using the money now in the hands of the Treasurer of this Board that has been or shall hereafter be contributed by the Presbyteries of the Cumberland Presbyterian Church in accordance with the action of the General Assembly of 1889.

That a Commission composed of five members shall be appointed, three by the General Assembly (colored) and two by the General Assembly (white), and of which Commission the President of the Board of Missions

of the Cumberland Presbyterian Church shall be one to take bids from different localities and locate the school at such point as shall in the wisdom of such Commission be for the interest of the school and the Church (colored). And it shall be the duty of such Commission to use the proceeds of the sale of the property now owned by the school in payment for such property.

Further, that in the event that the school can be located and started before the General Assembly of 1891, that the members of the Commission shall act as Board of Trustees till the Board shall be re-organized, reporting their action to both the General Assembly (colored) and the General Assembly (white) for further action.

And, further, that this Board petition the two aforesaid General Assemblies to take such action as is indicated in this paper, or such other action as shall be deemed wisest and best.

W. E. SETTLE, *Chairman*,  
 J. F. HUMPHREY, *Secretary*,  
 J. S. GRIDER,  
 H. A. GIBSON,  
 P. F. HILL.

### MARRIAGE AND DIVORCE.

To the General Assembly of the Cumberland Presbyterian Church, Union City, Tenn., 1890:

HONORED FATHERS AND BRETHREN:—The National Reform Association, an organization formed to maintain and promote the Christian features of the American government, respectfully invites your attention to the character of our laws relating to Divorce, to the state of social morals which has been developed under them, and to the measure of responsibility which rests upon the Church and her ministry in regard to them.

For the first time in the history of the nation the facts relating to Divorces throughout the whole country have been made accessible. A national investigation into the matter has just been completed under the authority of Congress. From the exhaustive report of the Commissioner, the Hon. Carroll D. Wright, published within the past year, it appears that 328,716 families—almost a third of a million—have been broken up in our divorce courts within twenty years. More alarming than even this infamous aggregate is the fact that while in these twenty years the population of the country increased sixty-six per cent, the number of divorces increased one hundred and fifty-seven per cent, or more than double the rate of increase in the population.

The same report shows that we have forty-six sets of laws on this subject in as many States and Territories, and that no two are alike; while among them nearly thirty different grounds are recognized for breaking up the marriage relation. Through the liberty of re-marriage which in nearly every case accompanies divorce, the land is defiled with a multitude of adulterous marriages, and guilt comes on the nation which legalizes these abominations.

Facts like these can not be safely ignored by the Church of Christ. They sap the foundations of her strength and frustrate her labors for the salvation of men. The evil creeps within her pale, corrupting her discipline and unsettling the convictions of her members. In many cases, through the careless or unwitting action of her ministers, the seal of her apparent sanction is placed upon marriage unions which our Lord distinctly declares to be adulterous.

We therefore address you, in common with all other branches of the Church of Christ, praying you, for the instruction of the public conscience, to give at this time a special deliverance on this vital subject. We ask you to point out the guilt and peril of the nation which enacts and maintains laws in such flagrant contradiction to the law of Christ, and the fact that the Church can not recognize an immoral divorce granted by the civil courts as

shielding the parties from her censures. We ask you also to declare the guilty responsibility of ministers of religion who, knowingly or carelessly, unite in marriage persons who have been divorced from former partners on unscriptural grounds.

We believe that such action on your part, and by all the Churches, will do much to establish a purer public opinion on this subject, and to bring about a reaction against an evil which threatens the very foundations of society.

Signed in behalf of the National Reform Association, the full list of whose officers, in printed form, is also submitted.

T. P. STEVENSON,  
Special Secretary on Marriage and Divorce Laws.

Philadelphia, Penn., May 22, 1890.

[The foregoing was received after the General Assembly had adjourned. But feeling assured that, if the paper had reached that body in time, instructions would have been given to me to insert it in the Minutes, that liberty, with the hearty approval of the Moderator is now taken. T. C. B., S. C.]

## VI.—REPORT OF THE BOARD OF TRUSTEES.

Respectfully submitted.

J. M. GILL, *President and Secretary.*

### THE CHARTER OF THE BOARD.

[Acts of Kentucky, 1853-4, Vol. 2.]

AN ACT to amend the charter of Cumberland College, and to incorporate the Trustees of the General Assembly of the Cumberland Presbyterian Church:

WHEREAS, An act to amend an act, entitled "an act to amend the charter of Cumberland College, and for other purposes," approved February 16, 1841, was passed for the benefit of "Cumberland College Association" and the General Assembly of the Cumberland Presbyterian Church, by which act the entire control and management of said College was given up to said General Assembly; and, whereas, by said act the Board of Trustees of said College and General Assembly were made; and, whereas, said General Assembly has dissolved its connection with said College; and, whereas, the Board of Trustees of said College and said General Assembly are two separate and distinct bodies, although acting under the same charter; and, whereas, much difficulty has been experienced by said Board of said General Assembly by reason of deficiencies in their said charter—in collecting donations, bequests, and other charities given to said Church; therefore,

*Be it enacted*, 1. By the General Assembly of the Commonwealth of Kentucky, that George D. McLean, Will. H. Meller, Silas N. Davis, T. J. Duncan, M. Dudley, Thos. Hunter, John P. Raseco, H. W. Champion, R. H. Lander, Reuben O'Hara, Wm. H. Barnett, J. H. Miller, and their successors, shall be, and they are hereby, declared and constituted a body corporate and politic by the name and style of the Trustees of the General Assembly of the Cumberland Presbyterian Church, and by that name and style shall sue and be sued, plead and be impleaded, and possess all the powers and rights of a corporate body, and shall continue in office until the annual session of said General Assembly in 1856, and until their successors are duly elected and qualified according to law.

2. That the Board of Trustees of the General Assembly of said Church shall have full power and authority to receive in trust for the said General Assembly any donation, bequest, or other charities, which may be, or have been hitherto, made to said Church, or to said General Assembly, or to said Board, for the use and benefit of said Church or Assembly, for educational, religious, or charitable purposes under the direction of the said General Assembly.

3. That all moneys and other estates, of every description, which may be vested in said Board of Trustees, by virtue of their office, shall forever be held in trust for the use of the Cumberland Presbyterian Church, the interest alone of which shall be devoted to religious, charitable, or educational purposes, as the said Assembly may direct.

4. That said General Assembly shall be empowered to elect her said Trustees at her regular and stated meetings, any five of whom, assembled at a regular meeting, or by a constitutional call, shall constitute a quorum to do business.

5. That said Board of Trustees may appoint an executive committee, to consist of the secretary, treasurer, and three other members, to manage the fiscal concerns of said Board, any three of whom shall constitute a quorum to do business.

6. That said Board of Trustees shall meet annually on the fourth Monday in June, in each year, at which time they shall elect a President, Vice-President, Secretary, and Treasurer, who shall continue in office until their successors are elected and qualified; the said Board shall also meet semi-annually, or oftener, on its own adjournments, or by a call of the President, to transact business, to make all necessary arrangements for carrying into effect the views of said General Assembly; to manage and invest the funds collected, or any other property or estate; and said Board shall report to said Assembly of said Church at her regular meetings.

7. That the President of said Board shall preside in all the meetings of the same, call special meetings at the request of any two members, and the Vice-president, in the absence of the President, shall preside and possess similar powers; and in the absence of both President and Vice-president, then said Board may choose a President *pro tem.*, who shall preside for the time being.

8. That the Secretary shall keep a full and fair record of all the proceedings of said Board, and carry on all its correspondence.

9. That the Treasurer shall take charge and dispose of all funds according to the directions of said Board, and report when called on.

10. That the Treasurer shall give bond, with approved security, in such penalty, to said Board, as the same may from time to time direct, for the faithful performance of his duties: Provided, that none of his sureties shall be members of said Board.

11. That all vacancies created by death, resignation, or in any other manner, shall be filled by the ensuing General Assembly of said Church, unless said Board find it absolutely necessary to do it themselves, in which case the appointment to fill any vacancy shall continue only until the vacancy shall be filled by the said Assembly.

12. That in case of the failure of any officer of said Board to serve, according to the requisitions of said Assembly, the Board shall have power to elect a suitable person to such office, according to said requisitions, and to remove delinquents in office.

13. That should the time ever come when any religious body, claiming to be the successors of the present General Assembly of said Church, and should hold and maintain doctrines and sentiments different from those now held by said Church, then the powers and privileges granted to the General Assembly of said Church shall inure to and be vested in that body of people professing and preaching the doctrines of the said Church, as now set forth in her Confession of Faith.

14. That said Board shall have authority, by law, to collect all such sums of money, all legacies, bequests, donations, and estates, of every description, as have heretofore been or may hereafter be subscribed, devised, bequeathed, or donated by individuals, or for which any persons may have heretofore or may hereafter execute their notes or bonds, to the said Church, Assembly, or Board.

Approved March 8, 1854.

[By order of the General Assembly the foregoing Charter is published in the Minutes. The copy was furnished by Rev. J. M. Gill, D.D., President and Secretary.—T. C. B., S. C.]

## EXPLANATORY NOTE.

---

The Statistical Tables which follow are not satisfactory. For the first time in our history an effort has been made to ascertain what each *congregation* has done in support of the various interests and enterprises of the Church. Heretofore the Statistical Tables have shown only what each *Presbytery* contributed.

The General Assembly, seeing the defects of such a system, directed the Stated Clerk, one year ago, to so change the form of blanks sent out to the Presbyteries as to make an exhibit of *congregational* work. The plan was new, and it was so different in its main features from the old one that many Stated Clerks of Presbyteries, and a much larger number of Clerks of Church-sessions, found it difficult to comply with its requisitions.

The results of the effort, as previously stated, are not what were desired. But believing that all who love the Church, and who wish to see it prosper in its whole line of work, will see the wisdom of the step taken by the General Assembly, no reasonable doubt can be entertained as to the ultimate success of the "new departure." Presbyteries, by examining the following tables, can form quite an accurate idea of the fidelity and efficiency of their Stated Clerks and of their Clerks of Sessions. If the work is not satisfactory the remedy is in their own hands. (See Minutes of 1889, page 52.)

There will be quite a disappointment in reference to the total membership of the denomination. The past year was one of great prosperity to our Zion, and the increase in the membership should have been in proportion to that success. But such is not the case; for the total membership is only 163,216—an increase of only 3,031 over last year, although 14,094 were added during the last twelve months. There is but one way to account for this—*Clerks of Sessions will not report "all on Church roll."* This fact is certified to by a large number of our most efficient Stated Clerks of Presbyteries. Indeed, several of these Clerks have authorized a considerable increase to the sum-totals of the numbers obtained by adding the figures furnished by Clerks of Sessions.

The number of congregations will be apparently greatly increased, but this arises from the fact that, in many cases, our Boards give credit to the names of the *post-offices* at which the letters containing remittances were mailed instead of to the *congregations* which contributed the funds. As will be seen, the congregations given by Stated Clerks of Presbyteries are numbered, and the places not thus given have no figures before them. This plan was adopted for two reasons: first, Stated Clerks are presumed to know the congregations in their respective bounds; second, if this had not been done the whole plan devised for ascertaining the Superintendents of Sunday-schools for specific Churches would have been thwarted. As it is, the name of the Superintendent of the Sunday-school of any particular congregation is known by the *number* which stands before that name—his number and that of the congregation in which he is Superintendent being the same.

The column, "Total Amount Contributed," no doubt contains a number of errors, owing to the fact that Stated Clerks of Presbyteries failed, in many cases, to use the decimal point dividing dollars and cents, when no doubt it should have been used. But the columns containing contributions to our Boards and other statistical columns can, it is believed, be relied upon as to their accuracy.

## GENERAL SUMMARY.

The reports from Stated Clerks of Presbyteries show that 152 ministers bore letters of dismissal and recommendation at the time said reports were forwarded. Only a small number of these had time to join other Presbyteries when the reports were made out. Still, only one half of the number has been added to the list of ordained ministers. Several were stricken from the roll who did not bear letters of dismissal. This was caused, no doubt, from inaccuracies of Stated Clerks of Presbyteries. There are, it is confidently believed, at least 1700 ordained ministers. During the year 14,094 were added to the membership, yet the total number of communicants is only 3031 more than last year. This matter, however, is fully explained on page 148. On pages 276 and 282 a General Summary of Statistics will be found. Some of these items may differ very slightly from those in the tabulated statistics of Presbyteries beginning on page 150 and ending on page 257. These slight changes, however, were authorized by Stated Clerks of Presbyteries. The columns containing the contributions made to our various Church Boards are believed to be accurate, for they were obtained from the reports of the Boards, and great care was taken to have them correct.

On this page, by order of the General Assembly, the statistics of the Cumberland Presbyterian Church, Colored, will be found. This organization is separate and distinct from the Cumberland Presbyterian Church, hence its statistics have never been made a part of said Church. If the Cumberland Presbyterian Church were to add these statistics, as some other Presbyterian Churches do, the total membership would be nearly 180,000—a Presbyterian membership second only to that of the Presbyterian Church in the United States of America (the Presbyterian Church, North), and second in the great family of Presbyterian Churches throughout the world. Its ministry, too (ordained preachers, licentiates, and candidates), would occupy the same position in respect to numbers. Indeed, such is the case anyway in regard to this last item, without the additions.

As will be seen, all the Boards of the Church except the Woman's Board of Foreign Missions, received more money than during any previous year in the history of the Church, and never before was the outlook so encouraging in all the lines of Church work. In brief, the entire denomination, year by year, is becoming more coherent, aggressive, and efficient.

### Statistics of the Cumberland Presbyterian Church, Colored.

The General Assembly of 1886 directed the stated Clerk to embody in the Minutes the statistics, in brief, of the Cumberland Presbyterian Church, Colored. From the most reliable information at hand the following, it is believed, is a close approximation: Ordained ministers, 200; licentiates, 175; candidates, 190; Presbyteries, 22; Synods, 5; General Assembly, 1; and communicants, 15,000.

The Church will understand that the preceding table of Sunday-School Statistics is placed in the Minutes by order of the General Assembly. It was known that the reports were very meager and that many Presbyteries had made no reports at all. This is evident by a glance at the table. The purpose is to secure full reports from the entire Church. It is hoped that no Presbytery will allow itself to be unreported at another meeting of the General Assembly. Let each Presbytery have a good Secretary for Sunday-school work, and then earnest effort will do the rest. It will be seen that the fractions of a dollar have been omitted in the columns of contributions except when they amounted to more than fifty cents; in all such cases one dollar was substituted in place of the cents. I am satisfied that mistakes in names have been made in some instances of Presbyterial Secretaries, but I look with hope to the future.

M. B. DEWEY, General Superintendent.

## THE STANDING RULE OF THE GENERAL ASSEMBLY.

*Resolved*, That the following shall be a Standing Rule of the General Assembly:

1. The reports of the several Church Boards shall be presented as follows: Friday, 10 A.M., Education; Friday, 3 P.M., Missions; Saturday, 10 A.M., Ministerial Relief; Saturday, 3 P.M., Publication. The several Boards of the Church shall be limited to two hours each in which to present their respective reports and address the General Assembly thereon; after which the reports may be discussed by members of the General Assembly, speakers being limited to five minutes each. Following such addresses, members of the General Assembly may present in writing propositions or resolutions on the subject, supporting the same in ten-minute speeches. Said propositions or resolutions shall be referred to the appropriate committee, without vote, unless a vote shall be specially demanded upon a given proposition.
2. The Committees to whom the Reports of the Boards are referred shall report as follows: Monday, 3 P.M., Missions; Tuesday, 10 A.M., Ministerial Relief; Tuesday, 3 P.M., Publication; Wednesday, 10 A.M., Education. The discussion of any of these reports may be continued and made the special order for an evening session, if necessary.
3. Early on the second day of each session the Stated Clerk shall have printed, for the convenience of the members of the General Assembly, this Standing Rule, together with the Roll of Members, and the committee appointed by the Moderator, also a memorandum of unfinished business, if any, from the preceding General Assembly.

By a standing order of the General Assembly the Stated Clerk is directed to close the year the first day of May. The foregoing, therefore, shows the financial standing of each Presbytery on May 1, 1890. But all Presbyteries which have paid their dues since that time (and a number have done so) will receive the Minutes for this year. The retention of the Minutes is evidence of the adjustment of Contingent Tax.

T. C. BLAKE, Stated Clerk.

## INSTRUCTIONS TO STATED CLERKS.

- (1) Do not write a line until you have all your matter prepared.
- (2) Write with pen and ink, and write plainly. Do not use *pale* ink.
- (3) Arrange names of Ministers, Licentiates, and Candidates *alphabetically*. Do not forget this.
- (4) When you get to the "Statistical and Financial" page or pages, do not fail to arrange names of *Congregations* alphabetically. THIS MUST BE DONE.
- (5) Do not undertake to fill the columns set apart for the several Boards of the Church. Leave those *blank* in your report, for they will have to be filled out from data furnished by the Boards themselves. The Stated Clerk of the General Assembly will look after those columns.
- (6) Insert dollars *and* cents in column "*Children's Day Collections*" and in column "*Dues to Presbytery*." Do not put *cents* in any other column.
- (7) Add the figures in all the columns on "Statistical and Financial" page or pages (except column 5) and *verify* the same. This *must* be done by you, or you *must* get a competent accountant to do it. All the Presbyterian bodies in the land require this of Stated Clerks of Presbyteries. Do not send your report until this has been done.
- (8) In the column "*Total Contributions*," put figures in *pencil* marks, for the Stated Clerk of the General Assembly will have to add to them the contributions from the several Boards. By putting that column in *pencil* marks the figures can be erased. Please do not overlook this request.
- (9) Send list of Commissioners as soon as they are elected, and send it in a small envelope, *not* in the large one which you will find inclosed, for it is for you to use in sending your report.
- (10) Send Contingent Tax as soon as you collect it. Let it reach me before May 1, or your Presbytery will be reported delinquent. The "tax" is \$2.00 on each *ordained* minister. (See Minutes, page 36.)
- (11) If a Church is without a preacher, write the letter V after the name of the congregation, and if it has done nothing, let its name stand opposite *blank* columns. But by all means report name and address of Clerk of Session, *number of members*, and all else you may know.
- (12) Persist in your efforts until you get a report from each congregation. If necessary you can withhold your report until May 10. But if you can get it ready earlier, do not fail to send it as soon as it is completed.
- (13) You will see that by this new method of obtaining statistics, ordered by the General Assembly, *your* labors are greatly increased, and those of the Stated Clerk of that body are increased more than a hundred-fold. You will also see that unless your Presbytery is reported it will appear in the Minutes simply as a *blank*. There is no help for such an exhibit, according to the "new form."
- (14) Finally. Your heaviest labor will be the *first* year, for when you once get the names of your *congregations* alphabetically arranged and those of your *Sunday-school Superintendents* arranged as required on the last page of Presbyterian blanks, you can get the same the *next* year, with a few alterations, from the Minutes of the General Assembly.

*J. M. C. J.*
